Highlights

Aquatec - Wet or Dry shaving

This wet and dry electric shaver is coreless that allows you to shave anywhere you want. An AquaTec seal gives you the option of either a comfortable dry shave or a refreshing wet shave with or without shaving cream or gel.

DualPrecision shaving heads

For precise results, the Shaver Series 4000 features a DualPrecision shaving system designed with slots and holes to quickly and comfortably shave both short stubble and longer hairs.

Super Lift and Cut action

Patented Super Lift and Cut dual-blade action lifts hair to cut comfortably below skin level. The shaver's low-friction heads are rounded to further protect your skin.

Pop-up trimmer

An integrated pop-up trimmer helps complete your facial hair grooming routine. This trimmer is ideal for trimming and shaping sideburns, goatees, mustaches, and more.

Rechargeable cordless

With the Shaver Series 4000, you'll enjoy the convenience of cordless operation at home or on the road. One hour of charging provides up

to 17 days or 50 minutes of shaving time, and a 3-minute quick-charge option gives you enough power for a single shave.

Fully washable design

For convenient care and maintenance, the Shaver Series 4000 is fully washable. After use, simply hold the shaver under running water to clean. This shaver also comes with a cleaning brush for more thorough cleanup.

Replacement blades

To get the closest shave possible, replace the blades with HQ8 replacement heads every 12 months.
