Fast, from start to finish

5 ways to speed up your ironing

This EasySpeed Plus iron speeds up your ironing thanks to: triple precision tip, even heat distribution across the soleplate, continuous steam, shot of steam and high power.

Easily removes creases

- Power up to 2300 W enabling constant high steam output
- Steam boost up to 120g
- Continuous steam output up to 35 g/min
- Ceramic soleplate for better gliding performance
- Vertical steam for crease removal in hanging fabrics

Longer lifetime

- Calc clean slider to easily remove scale out of your iron

Safe ironing

- Robust heelrest for improved stability
- Iron switches off automatically when left unattended

Comfortable ironing

- Drip-stop system keeps your garments spotless while ironing
- Triple precision tip for optimal control and visibility
- Even steam distribution for efficient ironing

PHILIPS

Highlights

Power up to 2300 W

Power up to 2300 W enables constant high steam output.

Steam boost

The iron's 120 g steam boost enables you to easily remove even the most stubborn creases.

Steam output up to 35 g/min

Continuous steam output of up to 35 g/min gives you the perfect amount of steam to efficiently remove all creases.

Ceramic soleplate

Ceramic soleplate is scratch resistant, glides well and easy to clean.

Vertical steam

This Philips iron has a vertical steam function, for crease removal in hanging fabrics.

Calc clean slider

This steam iron can be operated with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your

iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

Safety auto off

The iron shuts off automatically when left unattended. If it is left on its heelrest it will switch off in 8 minutes. When left on the soleplate or on the side, it only takes 30 seconds before the iron shuts off.

Robust heelrest

This iron features a specially designed extra large heelrest, which gives extra stability when it is put in vertical position.

Drip stop system

Drip Stop system lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.
