GC3810/20

Faster, Easier and Smarter

With our innovative steam and temperature control

The Philips steam iron Azur Performer combines powerful performance with ease of use. Our Auto Steam Control gives the right amount of steam with each garment. The SteamGlide Plus soleplate will wizz through your ironing.

Fast and powerful performance

- 2400W for quick iron heat up
- Steam output of up to 40 g/min for better crease removal
- 150 g steam boost to remove stubborn creases easily

Easy gliding on all fabrics

- SteamGlide Plus soleplate: Our best gliding, faster ironing

Safe ironing

- Double Active Calc System to help prevent calc built-up

Comfortable ironing

- Auto Steam Control for the right steam for each garment
- Triple precision tip for optimal control and visibility
- Optimal weight for easier manoeuvrability over your garments

PHILIPS

Highlights

2400W for quick heat up

With the 2400W the Azur Performer Plus steam iron will heat up quickly and give a powerful performance to deliver super ironing results.

Steam up to 40 g/min

Continuous steam output of up to 40 g/min gives you the perfect amount of steam to efficiently remove all creases.

Steam boost up to 150 g

The iron's 150 g steam boost enables you to easily remove even the most stubborn creases.

SteamGlide Plus soleplate

Our best gliding SteamGlide Plus soleplate to whizz through your ironing. The carefully designed vents secure a well balanced steam distribution.

Double Active Calc Clean

The Double Active Calc system of your Philips steam iron prevents scale build-up through anti-scale pills and an easy-to-use calc clean function. Regular cleaning of your steam iron from calc results in less white stains from calc and longer steam performance giving better ironing results.

Auto Steam Control

Auto Steam Control takes away your worry for selecting the amount of steam you need.

Just select the temperature for the garments you're ironing and off you go.

Triple Precision Tip

The pointed tip on the Philips Azur Performer is very precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. The Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.
