Highlights

Silent steam technology

Enjoy ironing with family around or while watching TV, without being disturbed by the noise of the steam. Silent steam technology delivers quiet yet very powerful steam. The steam generator is fitted with silencing steam filters to reduce the noise of the steam and a sound-absorbing platform to reduce the noise of the pump in the base.

OptimalTEMP technology

Now you can iron everything from jeans to silk with no temperature setting required. Guaranteed no burn on all ironable fabrics. Revolutionary technology with both the Advanced Smart Control Processor, which precisely controls the soleplate temperature so that you don't need to, and the powerful cyclonic steam chamber, which delivers consistent, powerful steam, making ironing easier and faster.

Easy De-calc

Ultra-long-lasting steam performance: Philips' exclusive Easy De-Calc function provides the ideal way to get rid of limescale and extend the lifetime of your steam generator iron. Your iron will remind you to de-calc with light and sound. When your appliance is cold, simply open the Easy De-Calc knob and collect the dirty water and limescale in a cup.

New SteamGlide soleplate

The new SteamGlide soleplate is the best Philips soleplate. Is extremely scratch resistant, glides excellently and is easy to clean.

Safety carry lock

Your steam generator iron comes with a safety carry lock. You can lock your iron safely on the

base, making it safer and reducing the risk of people touching the hot soleplate. You can also carry the steam generator easily.

Safe rest

The innovative Philips OptimalTEMP technology guarantees no burns on all ironable fabrics. During ironing, there is no need to put your iron back on the base station; just leave the hot iron soleplate directly on the garments or cotton ironing board cover without an additional resting accessory. It will not damage any of your ironable garments, or the board. This makes your ironing easier, with less wrist effort.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas — Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.

Specifications

Fast and powerful crease removal

- OptimalTEMP technology
- Pressure: Up to 6.5
- Steam boost: 350 g
- Soleplate: SteamGlide
- Safe rest
- Variable steam settings
- Vertical steaming
- Steam output control
- Steam tip
- Power: 2400 W

Easy to use

- Heat-up time: 2 min
- Refill any time
- Safety auto off
- Storage solution: Carry lock
- Safe for all fabrics: Even for delicates such as silks
- Water tank capacity: 1500 ml
- Filling and emptying water: Detachable water tank,

- Extra-large filling hole
- Power cord length: 1.8 m
- Cord storage: Cord storage compartment
- Hose length: 1.7 m
- Hose storage: Hose storage compartment
- Cord freedom (swivel): 180 degree cord freedom

Sustainability

- Energy saving mode

Calc management

- Suitable for tap water
- Calc clean solution: Easy De-calc

Technical specifications

- Weight of iron: 1.2 kg
- Weight of iron + base: 5.1 kg
- Product dimensions: 28.3 x 26.3 x 42.4 cm
- Packaging dimensions: 33.5 x 30.5 x 49.1 cm
- Voltage: 220 - 240 V

Issue date 2016-12-07

Version: 12.0.1
