PHILIPS

Highlights

Rapid Air technology

Airfryer's unique Rapid Air technology enables you to fry, bake, roast and grill, the tastiest snacks and meals with less fat than a conventional fryer, by using little or no oil! Philips Airfryer with Rapid Air technology also creates less smell than conventional fryers, it is easy to clean, safe and economical for your daily use!

Unique product design

Philips Airfryer's unique design which combines fast circulating superheated air, starfish design and optimal heating profile allows you to fry a variety of delicious meals in a fast, easy and healthier way without necessarily adding oil.

Digital touch screen

With the digital touch screen you can control the time and temperature of your cooking in an easier and more precise way. Enjoy your favorite food, prepared at the right temperature and time for the best result!

More power

Enhanced performance for even faster results! You can now enjoy more power* for great tasting fried food and more with less fat!*

Smart preset button

Save the settings of your favorite dish so that next time, your meal is ready at the touch of a button!

Versatile cooking

Not just great for frying, the innovative Philips Airfryer with Rapid air technology also lets you grill, bake and even roast your favorite dishes for a one stop solution for all of your meals.

Included baking plate

With the XL Baking plate you will be able to use your Airfryer even more often for delicious homemade dishes. Try pizza, quiche, cakes and many more sweet and savory baking recipes. The non-stick coating allows you to easily release the food and makes it easy to clean.

1.2kg cooking capacity

1.2kg capacity to serve up to 5 people. Now even larger families can enjoy the Airfryer experience with an additional 50% extra capacity*.
