- Tasty food in less time: no pre-heating required
- Easy clean in 90 secs- QuickClean basket with non-stick mesh

Thoughtfully designed

- Large 0.8 kg capacity
- Universal EasyClick handle - easily exchange accessories

PHILIPS

Highlights

Healthier frying

The unique Philips TurboStar generates fast superheated air to fry your food with little to no added oil. Philips Airfryer also creates less smell than conventional fryers, it is easy to clean, safe and economical for your daily use!

Cooks fried food 50% more even

The unique TurboStar technology swirls hot air continuously through the whole cooking chamber, resulting in even heat distribution throughout the entire basket. "TurboStar achieves the most optimal airflow so food cooks 50% more evenly"

Crispy and tender results

Thanks to Philips TurboStar technology, all food is exposed to this constant, circulating heat and is cooked through simultaneously. The result is evenly fried food – with no turning needed - even when food is piled up. In addition to the heated air flow, powerful direct heat from above quickly crisps the food for delicious, golden-brown results. "Crispy on the outside, tender on the inside"

Inspiring recipes

The Philips Airfryer app is free and filled with delicious recipes and easy to follow step-by-step

cooking instructions. Get inspired with quick, healthy snacks or meals for special occasions.

QuickControl dial

The new QuickControl dial is your main Airfryer control. Just turn it to set the right temperature, then click. Turn again to set the time – then click to start cooking.

Presets most popular dishes

We created preset programs for popular dishes, so you can cook them with just one click. You'll enjoy the ease of our preset programs for frozen fries, meat, fish and drumsticks.
