Highlights

Treatment time

Combined with our Reusable SideStream nebulizer, is designed to provide fast drug delivery and short treatment times.

All you need in one place

InnoSpire Deluxe is designed to make your nebuliser treatment convenient and easy, with added built-in storage to house all your accessories.

Robust Design

Weighing just 4.4 lbs, InnoSpire Deluxe is light enough to pick up and move from room to room at home. With your supplies stored neatly away within the device, your nebulizer equipment stays safely together in one place.

Proven nebulizer technology

Reduced Treatment Times Our Sidestream nebulizer is specially designed to keep your treatment times as short as possible. As the InnoSpire Deluxe pushes air through the tube, additional air is drawn in through the top of the nebulizer to create a fast flow of aerosol medication for you to inhale. Treatments can be complete in under 5 minutes.* Consistent delivery of high quality aerosol therapy Sidestream is designed to withstand frequent and repeated use and will continue to efficiently deliver your nebulizer medication until it is time for replacement.

Versatility

Capable of nebulizing a wide variety of medications that are routinely with nebulizers used to treat various respiratory conditions.
