3D playback

WiFi-Ready BD-Live

BDP3380

Explore 3D cinematic experience

Bring the magic of movies home in full High Definition with Blu-ray 3D and DivX Plus HD on this sleek player. Conveniently enjoy your favorite video and music files directly from USB flash drives or portable hard disks with USB 2.0.

See more
• Blu-ray 3D Disc playback for a full HD 3D experience at home
• DivX Plus HD Certified for high definition DivX playback
• Access your favorite YouTube videos & Picasa photos easily

Hear more
• Dolby Digital DTS2.0 for ultimate movie experience
• Dolby TrueHD for high fidelity sound

Engage more
• Turn your Smartphone into a remote for Philips AV products
• WiFi-n Ready* for faster, wider wireless performance
• USB 2.0 plays video/music from USB flash/hard disk drive

PHILIPS

sense **and** simplicity
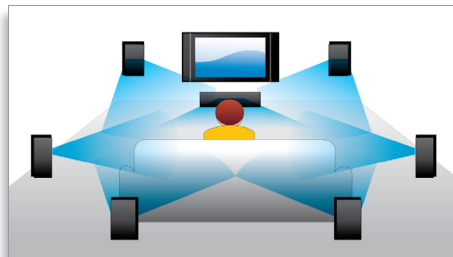

Highlights

Blu-ray 3D Disc playback

Full HD 3D provides the illusion of depth for a heightened, realistic cinema viewing experience at home. Separate images for the left and right eyes are recorded in 1920 x 1080 full HD quality and alternately played on screen at a high speed. By watching these images through special glasses that are timed to open and close the left and right lenses in synchronization with the alternating images, the full-HD 3D viewing experience is created.

DivX Plus HD Certified

DivX Plus HD offers the latest in DivX technology to let you enjoy HD videos and movies from the Internet direct to your Philips HDTV or PC. DivX Plus HD supports the playback of DivX Plus content (H.264 HD video with high-quality AAC audio in an MKV file container) while also supporting previous versions of DivX video up to 1080p. DivX Plus HD for true HD digital video.

Dolby TrueHD

Dolby TrueHD deliver the finest sound from your Blu-ray Discs. Audio reproduced is virtually indistinguishable from the studio master, so you hear what the creators intended for you to hear. Dolby TrueHD complete your high definition entertainment experience.

Dolby Digital DTS2.0

Dolby Digital DTS2.0 for ultimate movie experience

WiFi-n Ready

WiFi-n Ready* for faster, wider wireless performance

Access YouTube and Picasa

Get YouTube videos and Picasa photos on your TV now. Enjoy the huge collection of online videos on a larger screen, without even having to turn on your computer. Simply ensure that your Blu-ray player or Home cinema system is connected to the Internet, either wirelessly over Wi-Fi or with a cable to the LAN connector - then sit back and enjoy the best of YouTube & Picasa.

MyRemote app

The Philips MyRemote app lets you use your iPhone or iPod Touch or Android Smartphone as a remote to control your Philips networked AV products. The app automatically recognizes your* Philips Blu-ray player, Home theater or Streamium audio system connected to your home Wi-Fi network, and gives you instant control over the devices from anywhere in your home. And if you have more than one Philips networked AV product, the app will allow you to switch between them and control each one independently. This free app is created exclusively by Philips.

USB 2.0

The Universal Serial Bus or USB is an industry standard that allows high-speed, easy connection of peripherals to PCs, consumer electronics and mobile products. The USB 2.0 provides better and faster performance - up to 40 times quicker than the USB 1.0 and with a data transfer rate of up to 480 Mbps from the original 12 Mbps. When plugged in, everything configures automatically. With USB 2.0, simply plug in your USB portable devices or hard disk drives, select the movie, music or photo and play away.

Specifications

Accessories
- Compatible accessories: WUB1110 Wi-Fi USB Adaptor
- Included accessories: 2 x AAA Batteries, CD-R (User Manual), Product Registration Card, Quick start guide, Remote Control

Audio Playback
- Compression format: AAC, MP3, PCM, WAV, WMA

Still Picture Playback
- Compression format: GIF, JPEG, JPEG HD, JPEG Progressive, PNG
- Picture Enhancement: Rotate, Slideshow with music playback, Zoom

Video Playback
- BD Region Code: B
- DVD Region Code: 2
- Compression formats: DivX Plus™ HD, H.264, MPEG1, MPEG2, MPEG4, XviD
