Shave Wet or Dry

Choose how you prefer to shave. Shave in the shower. Or use with water, foam, or gel for refreshing, comfortable shave.

50 minutes of cordless shaving

Shave longer with every charge, thanks to our powerful and long-lasting Lithium-ion battery. Do a quick charge for 5 minutes and you'll have enough power for one shave. All Shaver Series 9000 models are designed to operate only in cordless mode, to ensure you'll always be safe when shaving with water, even in the shower.

Travel case

The sleek design of the shaver storage case takes up less space and a built-in ventilation chamber dries your shaver even when you're on the go.

Full 2 Year Warranty

Philips backs this shaver with a 2-year guarantee. Our Series 9000 Shavers are designed for performance and durability, promising you an extremely close shave time after time.

Shaver series 9000

Precision, control and maneuverability are the defining features of the 9000 shaver. The V-Track system guides hairs into the best cutting position for the closest result, while fully flexible eight directional heads catch more hairs for a clean shave in fewer strokes. The "AquaTec Wet & Dry" seal of this shaver allows for a comfortable dry shave or a refreshing wet shave, using a shaving gel or foam for extra skin comfort.
