## Highlights

### 40mm premium neodymium drivers

High performance 40mm neodymium drivers reproduce a wide frequency range accentuated with excellent sound details. Enjoy every nuance in your favorite music – from extended bass notes and warm mid-tones to crystal clear highs.

### Built-in microphone

Your CitiScape headphones feature a built-in microphone so you can easily switch from listening to music to taking phone calls. It's a breeze staying connected with your music – and with the people who matter most to you.

### Closed acoustic design

Be part of the city's buzz but not its noise. With the closed acoustic on-ear design, every sound detail is isolated, allowing you to enjoy

greater music detail as well as extended and dynamic bass.

### Compact foldable design

Your headphones can be compactly folded for easy storage and portability.

### Detachable anti-tangle cable

Say goodbye to wrestling with knotted and messy cables in and out of your bag. Your CitiScape headphones' detachable anti-tangle cable stays kink- and knot-free – always. Now you can focus on what matters most, like enjoying your music with ease wherever you go.

### Flexible metal arm design

Inspired by bike wiring, the earshells and headband are connected by lightweight but

durable metal wiring, ensuring secure long-wearing comfort.

### Handcrafted headband

Inspired by the woven wrapping around bike handle bars, the headband is handcrafted using leatherette for an edgy style statement.

### On-ear soft cushions

On-ear soft cushions comfortably hug the contours of your ears for the best possible fit – whatever your head shape. Immerse in your music for as long as you like – in fact, they feel so good that you may even forget that you have them on!

### Precisely tilted earshells

Pre-tilted earshells perfectly fit your ear's natural angle, providing an excellent sound seal so you can truly immerse in your music.
