Highlights

85% Noise Canceling

Smart noise canceling technology enhances the pleasure of listening to lower volume levels in noisy environments. It's particularly good at removing low-frequencies like jet engine noise, so you can enjoy soft music on flights, and in trains and similar places without hearing a distracting buzz in the background. The technology actually creates an equal but opposite waveform to the unwanted noise that effectively cancels it out.

Mute button for conversations

The mute switch allows you to pause the noise canceling function and 'audio in' signal to allow for quick conversations without removing the headphones.

Soft sealing ear cushions

The ear cushions are very soft, and enclose the speakers around the ears to create a perfect seal & great sound. With very little pressure on the ears, you can use the headphones comfortably for long periods.

Premium quality sound

You expect and deserve the best in sound performance - the speaker drivers used in this headphone utilize the very best neodymium magnets to meet those expectations and repeatedly deliver an unforgettable performance.

Super-soft ear cushions

The ear cushions are very soft, and enclose the speakers around the ears to create great sound. With very little pressure on the ears, you can use the headphones comfortably for long periods.

Easy adjustable headband

The easily adjustable mechanism provides a comfortable close fitting acoustic seal between the ear cushion and ear, ensuring optimal performance.

Single sided detachable cable

A detachable cable is both convenient to store and easy to use. When sleeping simply detach the cable and move freely.

Carrying Case

This case is the most convenient way to look after your headphones and prevent cable tangling when not in use.

Aircraft adapter included

Use your own headphones to listen to in-flight entertainment. The adaptor simply converts the standard double-mono jacks to a stereo headphone jack.

Audio jack adaptor included

With this adaptor, you can use your headphone on equipment with either 3.5 or 6.35 mm jacks, giving you a wider choice of audio devices.

Battery included

No need to buy batteries to get started. Just drop the batteries in and go!
