Easy access keyboard

Well-known 10 button interface for easiest possible tuner preset and CD track access.

Digital tuning with 40 station presets

Provides fast, accurate tuning to your favorite stations. You can store up to 40 FM stations in memory for fast, easy access.

Autostore programming

Automatic programming of strongest available radio stations.

Dynamic bass boost

An electronic circuit that enhances bass frequencies up to 3 times to compensate for the insensitivity of the human ear for bass frequencies at lower volume levels.

Bass reflex speaker system

Acoustic system that enhances the upper bass tones to provide a warmer, punchier bass sound.

CD-Rewritable compatible

CD player capable of playing all music CDs, including CD-Recordable and CD-Rewritable discs.

20-track CD programmable

Stores up to 20 of your favorite CD tracks for playing back in your order of preference.

Shuffle play

Plays all selections on a disc in random order, giving you a new sequence of tracks every time.

14-key remote control

Fully featured remote control for convenient operation of CD, volume and tuner controls.

Stereo headphone socket

Supports stereo headphones for private listening pleasure. Automatically switches off speakers when used.

CD Synchro-start recording

One button touch will synchronize the start of a recording on audio cassette and the start of a CD or CD program.

4" Full-range speakers

For excellent sound reproduction across the entire audio spectrum.

Full auto-stop stereo cassette deck

Automatically shuts off the cassette deck at the end of playback to avoid stretching the tape.

Repeat one/ all/ program

Repeats the current track, the total CD, or your pre-selected program.

Multi-functional LCD display

Displays CD player information (track, time, play mode), tuner information (preset station, frequency) and DBB on/ off.

Digital up/ down volume control

Accurate electronic volume control with level indication.
