- Audio out (headphone Jack)
- Mains (12V DC)
- Firewire and USB connectors

Operating temperature/Humidity

- 5-45°C / 8-80%RH

Firewire and USB

The ultimate compatibility. The only CDRW drive in the world with integrated high speed Firewire (IEEE1394) and USB interface. Hot plug and play for Mac and PC.

Seamless Link Technology

Seamless Link protects against buffer underrun errors. Saves time and money.

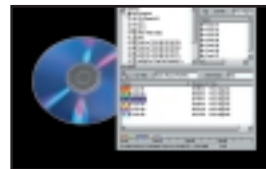

Portability

Integrated interface solution and slim design offers smallest foot print available today. The drive takes only a little more space than a CD.

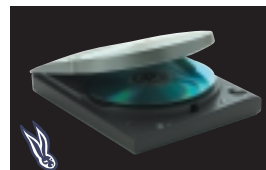

Interactive Installation

Simplify Installation! Unique step by step interactive installation guide shows you the way. Automatic tuning of your system for optimum performance.

MP3 CD player

JackRabbit is an MP3 CD player/CD-RW drive all-in-one. Play and record MP3s on the new 8cm and standard 12cm CDs. Playback MP3 CDs without a computer.

Box content
