Highlights

V-Track Precision Blades PRO

Upgraded V-Track Precision Blades PRO gently captures each hair regardless of its length, from 1 day up to 3 day stubble. Cuts 30% closer* in fewer strokes, leaving your skin smooth and comfortable. The blades also self-sharpen to ensure a premium shave day after day.

Contour Detect Technology

Follow every contour of your face and neck with 8-directional ContourDetect technology. You'll catch 20% more hairs* in a single pass, resulting in an extremely close, smooth shave.

Personal Comfort Settings

Customize your shave by choosing the speed setting that best fits you: Sensitive – for a gentle, yet thorough shave. Normal – for a thorough – everyday shave. Fast – for a quick shave that saves you time.

Shave Wet or Dry

Choose how you prefer to shave. Shave in the shower. Or use with water, foam, or gel for refreshing, comfortable shave.

Digital display

The intuitive display shows relevant information, enabling you to get the best performance out of your shaver: - 3 digit (%) battery indicator - Cleaning Indicator - Battery Low Indicator - Replacement Head Indicator - Travel Lock Indicator

60 minutes of cordless shaving

Shave longer with every charge, thanks to our powerful and long-lasting Lithium-ion battery. Do a quick charge for 5 minutes and you'll have enough power for one shave. All Shaver Series 9000 models are designed to operate only in cordless mode - to ensure you'll always be safe when shaving with water, even in the shower.

Travel case

The sleek design of the shaver storage case takes up less space and a built-in ventilation chamber dries your shaver even when you're on the go.

Full 2 Year Warranty

Philips backs this shaver with a 2-year guarantee. Our Series 9000 Shavers are designed for performance and durability, promising you an extremely close shave time after time.

SmartClick beard styler

Change your look with the SmartClick Beard Styler attachment. Choose from 5 length settings to create anything from a perfect stubble look to a short, neatly trimmed beard. Rounded tips and combs are designed to prevent skin irritation.
