

User's Manual Requirement of FCC rules

『 "D172" is installed in motor vehicle.

Therefore, we will not supply the user's manual.

So, following FCC user's manual statement will be stated in user's manual of the motor vehicle.』

FCC User's manual requirements that are required by FCC rules are described on user's manual of the vehicle as followings;

FCC	■FCC ID	FCC ID: AJDK101	
	■RF Exposure Compliance	[For 2.4 GHz Radio Transmitters] This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines. This equipment has very low levels of RF energy that it deemed to comply without maximum permissive exposure evaluation (MPE). But it is desirable that it should be installed and operated keeping the radiator at least 20 cm or more away from person's body.	
	■FCC Co-Location warning statement	This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.	
	■FCC statement	This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.	
	■FCC information to Users	Information to User - Alteration or modifications carried out without appropriate authorization may invalidate the user's right to operate the equipment.
