

# StarSet®

The Starset is ideal for those who need a comfortable, convenient headset for noisy environments. The ultra-lightweight, Starset headset rests gently behind the ear. Its soft, pliable Versatip eartip gently conforms to the natural contours of your ear while providing the acoustic seal necessary to block out background noise.

## StarSet Key Features

- **All-day comfort.** The super-lightweight StarSet, with soft, pliable Versatip® eartip and ergonomic behind-the-ear styling stays comfortable all day.
- **Superior sound.** SoundGuard® technology provides natural voice tone and removes loud tones, as well as occasional noises and crackles on the line.
- **Available with Voice Tube or noise-canceling microphone:**

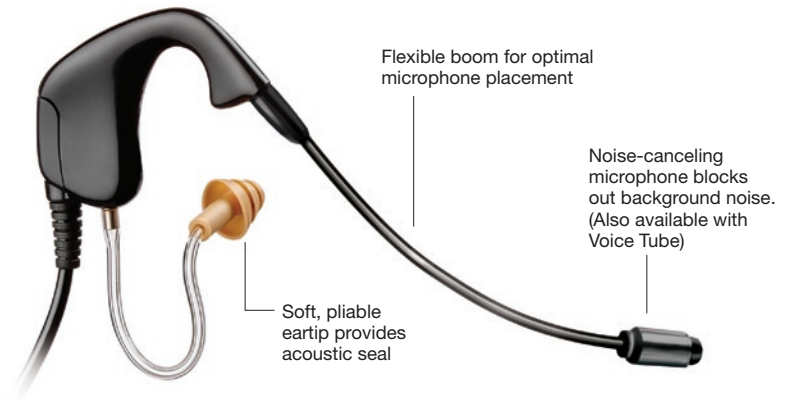

Voice Tube—Plantronics' trademark design; light weight and unobtrusive, delivers great sound quality in all but the noisiest environments.

Noise-canceling—Filters out background sounds for heightened speech clarity.

- **Greater flexibility.** Three Plantronics adapters let StarSet® headsets work with any phone system.
- **Quick Disconnect™** feature allows you to walk away from the phone while still wearing your headset.
- **Warranty: Two years** for unsurpassed durability.

Backed by Plantronics global service and support

H31N with Noise-canceling

StarSet headsets require a Plantronics audio processor, USB audio processor, or direct connect cable to connect to phone or PC.

### Vista® M22 Audio Processor

The Vista M22 audio processor delivers precise levels of listening comfort, sophisticated hearing protection, and superior audio performance. The Vista M22 includes Clearline™ audio to improve call quality in any environment, especially wideband VoIP.

### DA45™ USB Audio Processor

Compatible with all Plantronics H-series headsets, this headset-to-USB adapter/ audio processor brings superior call clarity to PC-based communications. The DA45 USB provides advanced audio technologies, plug-and-play connectivity, and Quick Disconnect.
