English

Connect Wirelessly: Turn on OUTLIER and press Wireless button for 2 seconds - LED will blink blue. Go to Bluetooth® settings on your device, search for "OUTLIER" and click to pair - LED will turn solid blue once connected.	Battery Life: Up to 8 hours, varies by volume level and audio content. Wireless Range: Up to 50 feet. Obstacles may affect range. Dimension (H x W x D): 106.5 x 115 x 109.8 mm
Line-in 3.5mm jack: Connect any non-wireless enabled device to OUTLIER using a 3.5mm cable.	Weight: 454 grams

IC Warning:
This equipment complies with Industry Canada license-exempt RSS standard.
Operation is subject to the following two conditions:
(1) This device may not cause interference, and
(2) this device must accept any interference, including interference that may cause undesired operation of the device.
RSS-102 Statement: This equipment complies with Industry Canada radiation exposure limits set forth for an uncontrolled environment.

Français

Connecter sans fil: Allumer OUTLIER et appuyez sur bouton sans fil durant 2 secondes - La LED clignote en bleu. Allez dans les paramètres Bluetooth® de votre appareil, localiser "OUTLIER" et cliquez pour vous connecter - La LED cesse de clignoter une fois la connexion établie.	Autonomie de batterie: Jusqu'à 8 heures, variable en fonction du volume et du contenu audio. Portée sans fil: Jusqu'à 15 mètres. Les obstacles peuvent réduire la portée effective. Dimension (H x W x D): 106,5 x 115 x 109,8 mm
Prise Jack, 3,5 mm d'entrée: Connecter tout appareil audio non sans fil au OUTLIER à l'aide du câble 3,5 mm.	Poids: 454 grammes

IC Warning:
Le présent appareil est conforme aux CNR de l'industrie Canada applicables
aux appareils radio exempts de licence.
Le fonctionnement de cet appareil est sous réserve des conditions suivantes:
(1) L'appareil ne doit pas produire de brouillage, et
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique
subi, même si le brouillage est susceptible d'en compromettre le
fonctionnement.
RSS-102: Cet équipement est conforme à l'exposition aux
rayonnements Industry Canada limites établies pour un environnement
non contrôlé.

Español

Conectar de forma inalámbrica: Encender OUTLIER y oprimir botón de conexión inalámbrica durante 2 segundos - La luz LED azul parpadeará. Vaya a la configuración de Bluetooth® de su dispositivo, busque y elija OUTLIER - La luz LED azul se iluminará e intermitentemente una vez conectados.	Vida de la batería: Hasta 8 horas, depende del nivel de volumen y del contenido de audio. Alcance inalámbrico: Hasta 15 metros. Los obstáculos podrán afectar al alcance. Dimensiones (Al x An x Pr): 106,5 x 115 x 109,8 mm
Toma de entrada de 3,5 mm: Conecte cualquier dispositivo de audio sin hilos a OUTLIER utilizando un cable de 3,5 mm.	Peso: 454 gramos

FCC Warning:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If interference is found, you may wish to take one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.
FCC Warning Statement: The device has been evaluated to meet the FCC Part 15 requirements for a Class B digital device and, in practice, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.
FCC Warning Statement: The device has been evaluated to meet the FCC Part 15 requirements for a Class B digital device and, in practice, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.
