Safety Precautions

• Please read the operating instructions and safety precautions carefully before use.

• Explain the content and the hazards associated with using the device/accessories to your children.

• Remember to comply with legal requirements and local restrictions when using the device, For example: in airplanes, gas
  stations, hospitals or while driving.

• The functioning of medical devices such as hearing aids or pacemakers can be impaired. Keep at least 9 inches/20cm
  between the device and the pacemaker. For more information consult your doctor.

• Do not throw the device into an open fire.

• Do not exceed the voltage specified on the power supply unit (5V). Exceeding the voltage may destroy the device.

• Plug the power adapter into an easily accessible AC power socket. The only way to turn off is to unplug it.

• The device may only be opened by authorized service partners. All other changes to this device are strictly prohibited and will
  void the EMC compliance and negate your authority to operate the product.

FCC Statement

Important Information Required By the FCC The Manufacturer is not responsible for any radio or TV interference caused by
unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject

to the following two conditions:(1) This device may not cause harmful

interference, and (2) This device must accept any interference received,

including interference that may cause undesired operation.

WARNING

Follow all operating and usage instructions

Do not submerge or use the i-Station in or near water

Do not disassemble any part of the i-Station

Do not place heavy objects on top of the i-Station

Do not allow small children to play with the i-Station unsupervised

Keep i-Station away from extreme temperatures and store away from dust and humidity

Unplug this product from the power source before cleaning

Do not use liquid or aerosol cleaner, use only a damp cloth for cleaning
