

Warnings

Whilst every precaution has been taken to ensure your safety, every electrical device should be handled with care at all times. Please follow these guidelines;

- ▲ Observe ALL warnings, precautions and instructions
- ▲ Do not expose to extreme temperatures or direct sunlight for any length of time. If the Controller becomes too hot to touch, unplug it (including all cables) immediately and stop use.
- ▲ Do not get the Controller or any cables wet. If you wish to clean the device, please do so using a dry cloth. Do not expose to liquids, chemicals or fluids as these may damage your device.
- ▲ Use only the cables provided with your device to plug the Controller into a power source. Using other cables may damage the controller.
- ▲ Do not open, modify or attempt to tamper with the Controller or internal battery. Doing so voids the limited warranty and could harm you or your Controller.
- ▲ Take care when handling the power supply to avoid electric shock.
- ▲ If you have an epileptic condition or have had any seizure in the past, please consult your doctor before playing. We recommend that parents observe their children while they play video games. If you or your child experience any of the following symptoms: dizziness, altered vision, eye or muscle twitching, involuntary movements, loss of awareness, disorientation, or convulsions, DISCONTINUE USE IMMEDIATELY and consult your doctor.
- ▲ Play Safe;
 - Children should be supervised whilst playing games and parents are encouraged to monitor children in online activities to ensure safe and responsible internet usage.
 - All users should take regular breaks
 - Don't sit or stand too close to the screen
 - Play in a well-lit room
 - Stop playing if you feel drowsy, fatigued or in any way unwell

Regulatory Information

Federal Communications Commission Interference Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the flarePlay console or Controller and their warranty.

The antenna used for this transmitter must not be co-located in conjunction with any other antenna or transmitter.

We are committed to providing our customers with information about the chemical substances in our products as required to comply with legal requirements such as RoHS.

The Bluetooth word, mark and logos are all owned by Bluetooth SIG.
