I cannot see the instructions to the user on how to access the FCC ID and IC Certification Number. I can see from your picture that it is very easy, but the application must include the instructions that are provided to the user; and details of where the user will find those instructions. Please see KDB 784748 D02 e-labelling v01, sections B.3 and B.4.; and IC Notice 2014-DRS1003 section B.
