## U.S. and Canada Regulatory and Compliance Information

### Part 15 Rules

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

### Class B Digital Device or Peripheral

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### Modifications

In accordance with part 15 of the FCC rules, the user is cautioned that any changes or modifications not expressly approved by Polycom Inc. could void the user's authority to operate the equipment.

### Canadian EMC Class B

This Class [B] digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe [B] est conforme à la norme NMB-003 du Canada.

### Radio Equipment Directive

Hereby, Polycom declares that the radio equipment type Polycom VoIPBox is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available within the Regulatory Notice located at:

[http://support.polycom.com/content/Support/North\\_America/USA/en/support/voice.html](http://support.polycom.com/content/Support/North_America/USA/en/support/voice.html)

### Safety and Regulatory Information

VoxBox should only be connected to standard 5V USB compliant power sources with a maximum current exceeding 1A.

VoxBox is recommended to be supplied by DC source, which is generated with safety approved equipment or power supply.

Operating Ambient Conditions: Operating Temperature: +32 to 104°F (0 to 40°C); Relative Humidity: 5% to 95%, noncondensing; Storage temperature: -40 to +160°F (-40 to +70°C)

Radio Operating Frequency: 2400~2483.5MHz : Max EIRP 10 dBm(10mW)

### Installation Instructions

Installation must be performed in accordance with all relevant national wiring rules. L'installation doit être exécutée conformément à tous les règlements nationaux applicables au filage électrique.

### Battery Replacement

Battery replacement requires the use of special tools and should only be attempted by a qualified professional using genuine Polycom replacement batteries. The use of incorrect batteries may present a fire hazard. Detailed battery replacement instructions can be obtained from [TypeApproved@polycom.com](http://TypeApproved@polycom.com).

### Radiation Exposure Statement

This product complies with the FCC / Canada portable RF exposure limit set forth for an uncontrolled environment and is safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

**Déclaration d'exposition aux radiations:** Le produit est conforme aux limites d'exposition pour les appareils portables RF pour les États-Unis et le Canada établies pour un environnement non contrôlé. Le produit est sûr pour un fonctionnement tel que décrit dans ce manuel. La réduction aux expositions RF peut être augmentée si l'appareil peut être conservé aussi loin que possible du corps de l'utilisateur ou que le dispositif est réglé sur la puissance de sortie la plus faible si une telle fonction est disponible.

To maintain compliance, this transmitter must not be co-located or operation in conjunction with any other antenna or transmitter. Cet appareil ne doit pas être co-localisé ou fonctionner en association avec une autre antenne ou transmetteur.

FCC ID: M72-VB001

This device complies with Industry Canada's license-exempt RSSs. Operation is subject to the following two conditions:

- 1) This device may not cause interference.
- 2) This device must accept any interference, including interference that may cause undesired operation of the device. Privacy of communications may not be ensured when using this telephone.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- 1) l'appareil ne doit pas produire de brouillage, et
- 2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Certification Number IC: 18499-VB001

### NCC 警語

經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。初期合法通信，指依電信法規定作業之無線電通信。低功率射頻電機須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

### Japan:

この装置は、クラスB情報技術装置です。この装置は、家庭環境で使用することを目的としています。この装置がラジオやテレビジョン受信機に近接して使用されると、受信障害を引き起こすことがあります。
