2. Getting started

2

Congratulations on your purchase and welcome to Prestigio. To get the most from your product and enjoy all Prestigio has to offer, please access:

<http://www.prestigio.com/catalogue/MultiReaders>

More details about your product, please access:

<http://www.prestigio.com/support>

Please read "12. Safety precautions" on page 14 before use.

Insert a memory card

You can expand the memory of your eReader and store more files by adding a micro-SD card. Depending on the memory card manufacturer and type, some memory cards may not be compatible with your device.

1. Insert a memory card with the gold-coloured contacts facing downwards.
2. Push the memory card into the slot until it locks in place.

Some memory cards may not be fully compatible with the device. Using an incompatible card may damage the device or the memory card, or corrupt the data stored in it.

- Frequent writing and erasing of data shortens the lifespan of memory cards.
- When inserting a memory card into the device, the memory card's file directory appears in the **SD card**.

Remove the memory card: push the memory card until it disengages from the device, and then pull it out.

Power on your eReader

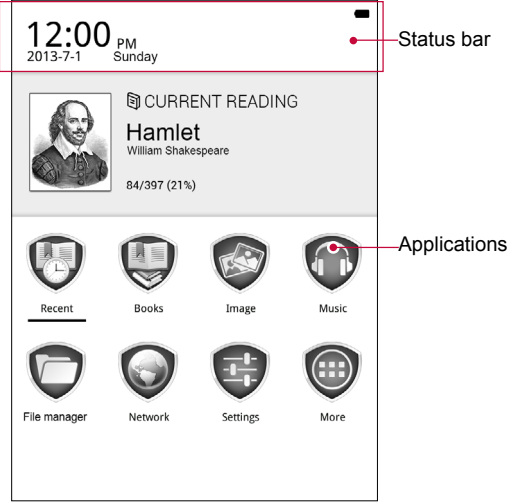

Press and hold the Power button for a few seconds to power on your eReader.

To turn off your eReader, press and hold the Power button.

Home screens

Your Home screen is the starting point to access all of the eReader's features. Press  to access home screen, and tap your desired options. Your eReader's home screen consists of the following areas:

3. Basics

3

Charge the battery

A new battery is partially charged. The battery icon in the top-right corner shows the charging status.

1. Plug the small end of the USB cable into the micro USB port of the device, and plug the large end into the PC.

2. After fully charging, disconnect the device from the PC. First unplug the USB cable from the device, and then unplug it from the PC.

- You can use the eReader while it is charging.
- Keeping the USB cable plugged to the eReader when the battery is fully charged will not damage the battery. The only way to turn off charging is to unplug the USB cable.

Connect to your PC

You may need to connect your eReader to computer in order to complete activation. Your eReader's micro USB port lets you exchange media and other files with a connected computer.

- Connect your eReader to the PC using the supplied USB cable.

Load files from your PC

1. Connect your eReader to the PC by using the USB cable.
