FCC Statement
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Icon7 Inc. 3-Year Limited Warranty Information
Thank you for your purchase of our product! Icon7 Inc. ("Icon7") warrants your Icon7 hardware product against defects in material and workmanship under normal conditions of use and service for three years beginning from your original date of purchase. Please retain your original dated sales receipt as proof of the date of purchase. You will need it and might be requested to show the receipt for your warranty service. In addition, this warranty is limited to the original purchaser and is non-transferable. Under this warranty, Icon7, at its discretion, shall repair or replace the defective device.
