

## C650 / S8 Cinema System

It's simple. Design great-sounding speakers based on really good components and latest technology. That's just what we've done with the C650 / S8 Cinema System. In a word, it rocks.

This configuration was created just for the 5.1 channel environment. Featuring C650 LCR ceiling speakers – each with a 6½" polypropylene woofer articulated at 15°, plus a 1" silk dome pivoting tweeter – they project the critical mid and high frequencies into the listening space for superb imaging and staging. Sweet!

Hold on. You also get our S8 powered sub, with an 8" long-throw woofer, 80 watt built-in amp, adjustable crossover and anti-clipping circuitry. The S8 may have a compact footprint, but it delivers sound of Jurassic proportions.

Listen to the C650 / S8 Cinema System. You won't soon forget it.

Quality-built, of course. Exactly what you'd expect from a premium brand like Proficient.
