

## PRESSURE TANKS

### High Quality Inside...And Out!

#### Applications

The Red Lion RL series of pre-charged diaphragm well tanks are ideal for maintaining the water pressure in a residential water pump system, when the pump is not running.

#### 5 Reasons to Choose Red Lion

- Controlled action double diaphragm superior to "Bladder" tank designs
- Condensation reducing design
- Appliance-like paint finish
- Stainless steel port diffuser
- All welded water system connection
