puro

S O U N D L A B S

PuroQuiet-AIR

QUICK START

FIRST TIME SETUP

Earbuds will automatically pair to device when removed from case after initial setup.

To put them back into pairing mode, disconnect earbuds from Bluetooth menu on previously used device.

1. Take out the earbuds and charging case. Put the earbuds in the charging case then close the lid and wait 3 seconds.

2. Take out the L or R earbud, which will automatically turn on and enter into pairing mode.

3. Search for pairing name "PuroQuiet-AIR" and select it.

PRODUCT INTRODUCTION

Turn On:
Open the lid of the charging case, the earbuds will automatically turn on.

Turn Off:
When the earbuds are put in the charging case and the lid is closed, the earbuds automatically turn off.

CHARGING THE CASE

Plug the charging cable into the charging port to charge the case and earbuds. When charging, the indicator light on the case flashes, and turns green when fully charged.

Type-C Charging

CHARGING THE EARBUDS

Put the earbuds in the charging case and close the lid. The indicator light will flash while charging. The earbuds automatically disconnect when put in the case.

BATTERY LEVEL

You can find out the battery level on the device the earbuds are paired with.

Note: Any attempt to remove or replace the battery will damage the product and void the product warranty.

CHARGING SAFETY

After charging, please unplug the case from the charging cable to avoid being charged for a long period of time. The output voltage and current of the charger is 5V/1A or 5V/1.5A is preferred. If the output voltage and current of the charger exceed the specified, it will cause serious damage to the product, and the product warranty will be invalid at the same time.

EARBUD FITTING

Try all ear tips for best fit and proper seal. Place in the ear canal and slightly rotate to adjust for best fit and comfort.

WRONG WAY TO WEAR:

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

ISED Statement

English: This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS (s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device. The digital apparatus complies with Canadian CAN ICES-3 (B)/NMB-3(B). French: Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada. L'exploitation est soumise aux deux conditions suivantes : (1) Cet appareil ne doit pas provoquer d'interférences. (2) Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil. L'appareil numérique du ciem conforme canadien peut - 3 (b) / nmb - 3 (b). This device meets the exemption from the routine evaluation limits in section 6.3 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance. cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 6.3 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité. This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment. Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada établies pour un environnement non contrôlé. RF Exposure Statement This equipment should be installed and operated with minimum distance 0mm between the radiator & your body. Cet équipement doit être installé et utilisé à une distance minimale de 0mm entre le radiateur et votre corps.
