for Ray48 & Ray54/E

RAY48

RAY54

Pre-punched gaskets sheet

5583-002 Flush Mount Assembly

Bracket Subassembly, qty 2
Gasket, 1 ea, Ray48 & Ray54/E
Screw, M6, qty 2, and
Lock Washer, M6, qty 2

1. Use template to cut out required opening in console.
2. Remove appropriate Gasket from pre-punched sheet and place on radio, behind front fascia.
3. Insert unit into cutout in console.
4. Attach both Bracket Subassemblies to radio using M6 Screws and Lock Washers.
5. Tighten Bracket Subassembly mounting screws until unit snugly attached to console.
