USING YOUR RAZER NABU

CHARGING THE NABU

1. Unlock the clasp by separating the two ends of the wristband.

2. Connect the charging cable from the Razer Nabu to a PC or a USB charger.

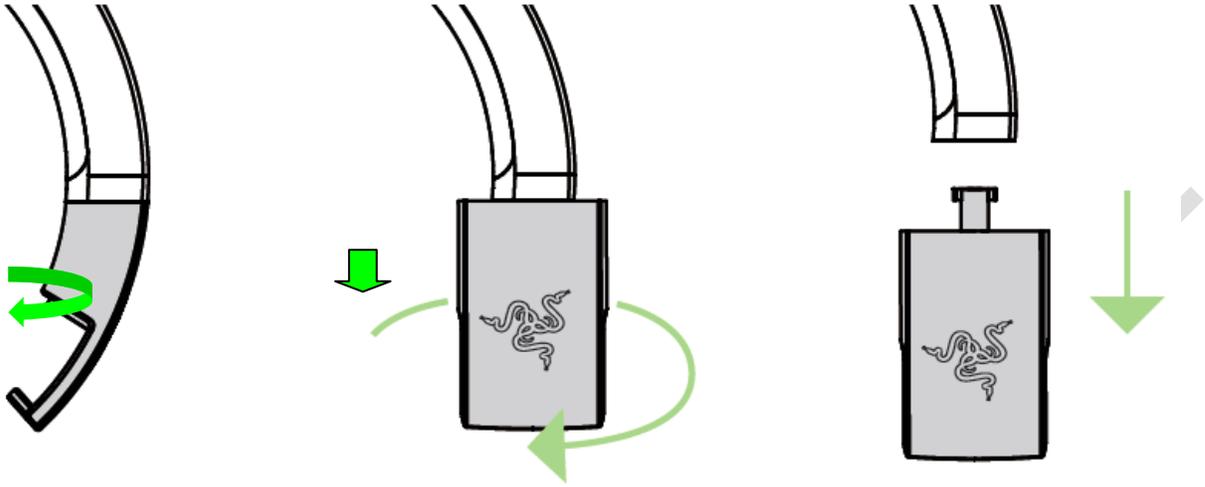

[PLACEHOLDER IMAGE]

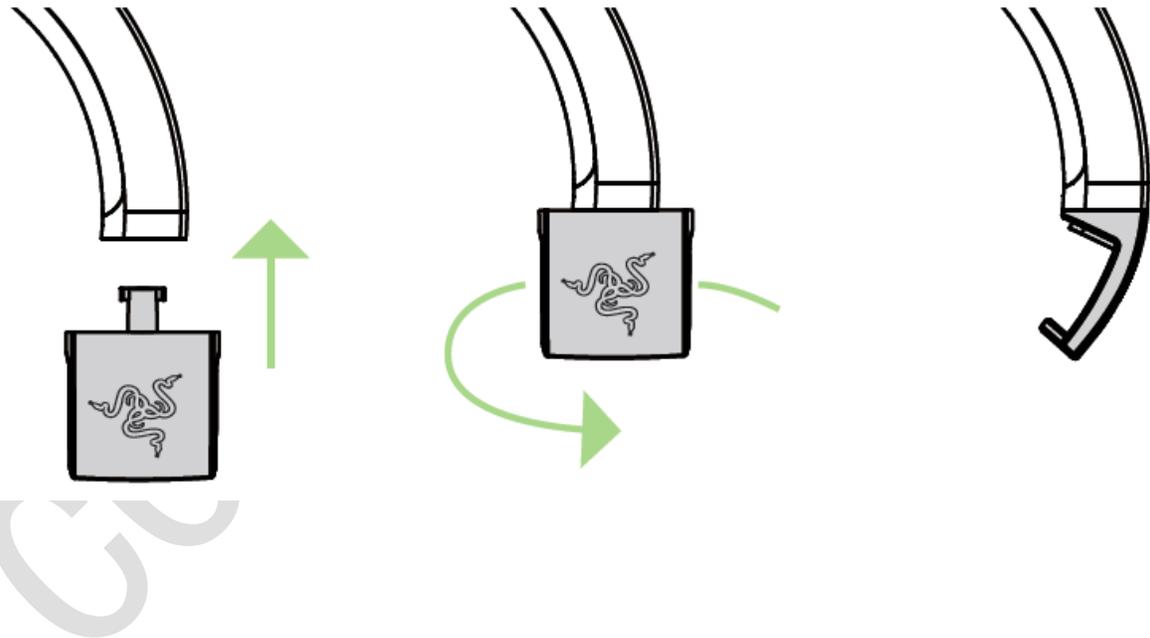

Reminder: Please remove the Razer Nabu from your wrist before charging it. The approximate time to fully charge the Razer Nabu is 90 minutes.

CHANGING THE CLASP

1. Twist the clasp 90 degrees and then gently pull it away from the wristband.

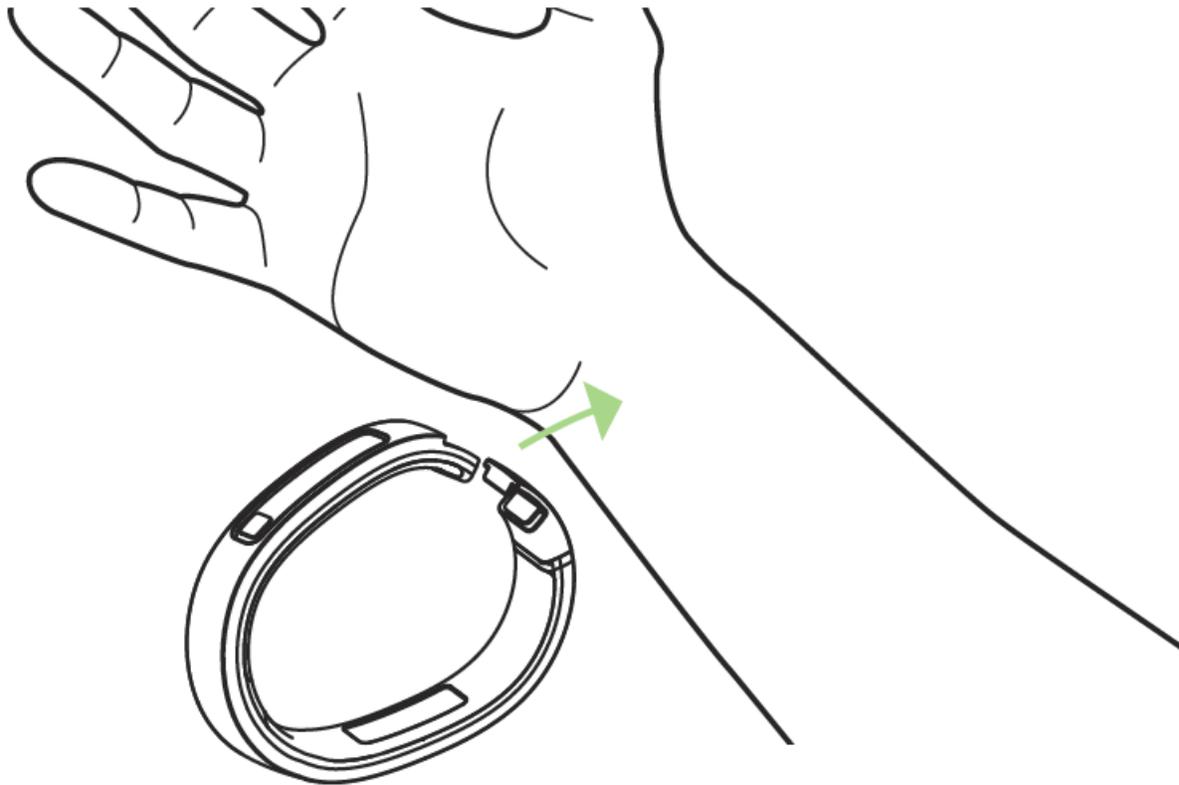

2. Insert the small clasp into the wristband then twist it 90 degrees.

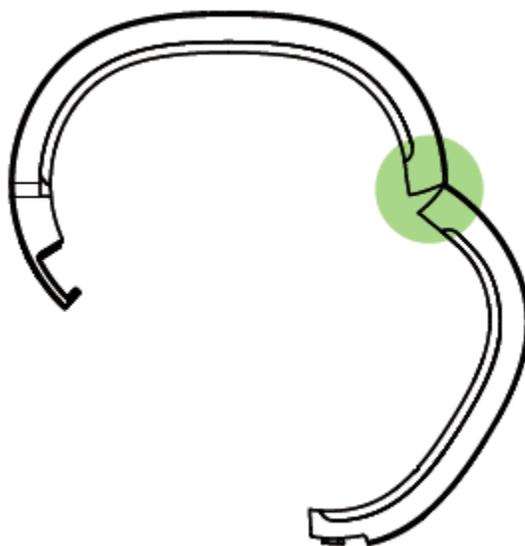

WEARING THE RAZER NABU

1. Unlock the clasp and slide your wristband from the side as shown here.

WARNING: Do not overstretch the wristband beyond its physical limits. Doing so may void your warranty.

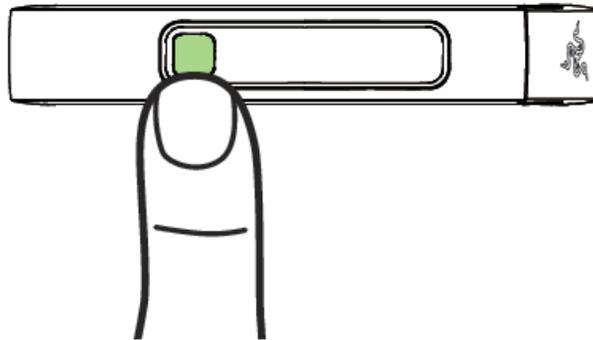

2. Lock the clasp and make sure both ends of the wristband are aligned.

[PLACEHOLDER IMAGE]

3. Press the power button for at least 3 seconds and release it once you feel a vibration.

[PLACEHOLDER IMAGE]

4. Download the Nabu Utility App on iOS or Android and follow the onscreen instructions.

TECHNICAL SUPPORT

What you'll get:

- 1 year limited manufacturer's warranty.
- Free online technical support at www.razersupport.com.

5. SAFETY AND MAINTENANCE

SAFETY GUIDELINES

In order to achieve maximum safety while using your Razer Nabu, we suggest that you adopt the following guidelines:

1. Should you have trouble operating the device properly, unplug and/or remove the device and contact the Razer hotline; or go to www.razersupport.com for assistance. Do not attempt to fix the device yourself.
2. Do not take apart the device (doing so will void your warranty) and do not attempt to operate it under abnormal current loads.
3. Charge the Razer Nabu in accordance with the recommended charging time and do not leave the battery charging overnight. Do not wear the Razer Nabu while it is charging.
4. Do not expose the Razer Nabu to liquids while charging. Exposing the Razer Nabu to these conditions may result in an electric shock.
5. The Razer Nabu is splash and dust resistant in compliance with the IP54 standard. Do not submerge the Razer Nabu in liquids and it should not be worn while swimming, bathing, or inside a sauna.
6. Do not tamper or abuse the Razer Nabu; including but not limited to dropping, crushing, excessive bending, puncturing, shredding, microwaving, incinerating, or inserting foreign objects into the Razer Nabu.
7. Do not use abrasive cleaners and/or harsh cleaning agents to clean the Razer Nabu.
8. Do not expose the Razer Nabu to extremely high or low temperatures such as leaving the Razer Nabu in direct sunlight or in snowy weather for extended periods of time.

9. Do not expose the Razer Nabu to open flames such as stoves, candles, or fireplaces.
10. Do not expose the inner band to organic solvents such as alcohol, acetone, and detergent.
11. Dispose the product in accordance with your local environmental laws and guidelines.

BATTERY

The Razer Nabu contains an internal, lithium-ion polymer rechargeable battery. In general, the life expectancy of this battery depends upon use. **Prolonged charging may decrease battery life over time.** If the battery does not charge after several attempts, it may be non-operational and you may need to contact customer support. Do not attempt to replace the Razer Nabu's battery yourself.

TRACKING

The accuracy of our sensors and associated calculations (i.e. distance traveled and calories burned) will vary with use.

IMPORTANT NOTICE FOR USE IN HEALTHCARE ENVIRONMENTS

This Razer device is not intended for scientific or medical use but is designed to provide meaningful data to help users reach their health and fitness goals. This Razer device is not a medical device and is not listed under UL or IEC 60601 (or equivalent). This device should be kept at a certain distance to avoid harmful effects to patients or medical equipment.

AVIATION USAGE RESTRICTIONS

Certain restrictions apply to this device while on-board an aircraft. Razer encourages you to understand these restrictions to ensure the flight's safety and security. Contact your airline to determine if Personal Electronic Devices (PEDs) can be used during the flight. Your Razer device utilizes Bluetooth Low Energy, which is considered safe by most airlines

LIMITED PRODUCT WARRANTY

For the latest and current terms of the Limited Product Warranty, please visit www.razerzone.com/warranty.

LIMITATION OF LIABILITY

Razer shall in no event be liable for any lost profits, loss of information or data, special, incidental, indirect, punitive or consequential or incidental damages, arising in any way out of distribution of, sale of, resale of, use of, or inability to use the Product. In no event shall Razer's liability exceed the retail purchase price of the Product.

COSTS OF PROCUREMENT

For the avoidance of doubt, in no event will Razer be liable for any costs of procurement unless it has been advised of the possibility of such damages, and in no case shall Razer be liable for any costs of procurement liability exceeding the retail purchase price of the Product.

GENERAL

These terms shall be governed by and construed under the laws of the jurisdiction in which the Product was purchased. If any term herein is held to be invalid or unenforceable, then such term (in so far as it is invalid or unenforceable) shall be given no effect and deemed to be excluded without invalidating any of the remaining terms. Razer reserves the right to amend any term at any time without notice.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Statement

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution!

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Canada Statement

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage;
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS-102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

Le dispositif rencontre l'exemption des limites courantes d'évaluation dans la section 2.5 de RSS 102 et la conformité à l'exposition de RSS-102 rf, utilisateurs peut obtenir l'information canadienne sur l'exposition et la conformité de rf.
