# **WATCH MODES**

The Nabu Watch contains modes that are represented by different symbols. Listed below are the symbols, their function, and their description. To select a specific mode, press the Mode button and to change the configuration, press the Adjust button.

| Symbol     | Function         | Description  |
|------------|------------------|--|
|            | Second Time Zone | Shows your custom time   |
| *          | Settings         | Use this mode to set the Key tone and the Bluetooth on or off.             |
| <b>(3)</b> | Stopwatch        | When this mode is selected, the Nabu Watch functions as a stopwatch.       |
| 0          | Alarm            | Use this mode if you want the Nabu Watch to alert you at a specific time.  |
|            | Timer            | When this mode is selected, the Nabu Watch functions as a countdown timer. |

# **STATUS INDICATORS**

The Nabu Watch contains indicators that are located on the watch face. Listed below are the indicators, their function, and their description.

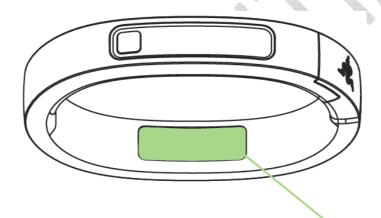

| Symbol   | Function  | Description                                 |
|----------|-----------|---|
|          | Date      | Shows the current date (day-month)          |
|          | Chime     | Indicates that the watch is currently       |
|          |           | sending an alert                            |
| <b>©</b> | Alarm     | Indicates that the alarm is currently       |
| G        |           | turned on                                   |
| •        | Bluetooth | Shows that the Nabu Watch's                 |
| <b>◆</b> |           | Bluetooth is currently turned on            |
|          | Time      | Shows the current time (hour:minute:second) |

# **REGISTRATION / TECHNICAL SUPPORT**

#### REGISTRATION

Sign up now for a Razer ID account to get real-time information on your product's warranty status. To learn more about Razer ID and all its features, visit <a href="https://www.razerzone.com/razer-id">www.razerzone.com/razer-id</a>. If you are already a Synapse user, register your product by clicking on your email address at the Synapse application and select *Warranty Status* from the dropdown list.

To register your product online, visit <a href="www.razerzone.com/registration">www.razerzone.com/registration</a>. Please note that you will not be able to view your warranty status if you register via the website.

Your product's serial number can be found here [PLACEHOLDER IMAGE]

# **TECHNICAL SUPPORT**

What you'll get:

- 1 year limited manufacturer's warranty.
- Free online technical support at www.razersupport.com.

#### 5. SAFETY AND MAINTENANCE

#### **SAFETY GUIDELINES**

In order to achieve maximum safety while using your Razer Nabu Watch, we suggest that you adopt the following guidelines:

- 1. Should you have trouble operating the device properly, unplug and/or remove the device and contact the Razer hotline; or go to <a href="www.razersupport.com">www.razersupport.com</a> for assistance. Do not attempt to fix the device yourself.
- 2. Do not take apart the device (doing so will void your warranty) and do not attempt to operate it under abnormal current loads.
- 3. Charge the Razer Nabu Watch in accordance with the recommended charging time and do not leave the battery charging overnight. Do not wear the Razer Nabu Watch while it is charging.
- 4. Do not expose the Razer Nabu Watch to liquids while charging. Exposing the Razer Nabu Watch to these conditions may result in an electric shock.
- 5. Do not tamper or abuse the Razer Nabu Watch; including but not limited to dropping, crushing, excessive bending, puncturing, shredding, microwaving, incinerating, or inserting foreign objects into the Razer Nabu Watch.
- 6. Do not use abrasive cleaners and/or harsh cleaning agents to clean the Razer Nabu Watch.
- 7. Do not expose the Razer Nabu Watch to extremely high or low temperatures such as leaving the Razer Nabu Watch in direct sunlight or in snowy weather for extended periods of time.
- 8. Do not expose the Razer Nabu Watch to open flames such as stoves, candles, or fireplaces.
- 9. Do not expose the inner band to organic solvents such as alcohol, acetone, and detergent.

10. Dispose the product in accordance with your local environmental laws and guidelines.

#### **BATTERY**

The Razer Nabu Watch contains an internal, lithium-ion polymer rechargeable battery. In general, the life expectancy of this battery depends upon use. Prolonged charging may decrease battery life over time. If the battery does not charge after several attempts, it may be non-operational and you may need to contact customer support. Do not attempt to replace the Razer Nabu Watch's battery yourself.

#### **TRACKING**

The accuracy of our sensors and associated calculations (i.e. distance traveled and calories burned) will vary with use.

## **IMPORTANT NOTICE FOR USE IN HEALTHCARE ENVIRONMENTS**

This Razer device is not intended for scientific or medical use but is designed to provide meaningful data to help users reach their health and fitness goals. This Razer device is not a medical device and is not listed under UL or IEC 60601 (or equivalent). This device should be kept at a certain distance to avoid harmful effects to patients or medical equipment.

## **AVIATION USAGE RESTRICTIONS**

Certain restrictions apply to this device while on-board an aircraft. Razer encourages you to understand these restrictions to ensure the flight's safety and security. Contact your airline to determine if Personal Electronic Devices (PEDs) can be used during the flight. Your Razer device utilizes Bluetooth Low Energy, which is considered safe by most airlines

Razer Inc. ("Razer") may have copyright, trademarks, trade secrets, patents, patent applications, or other intellectual property rights (whether registered or unregistered) concerning the product in this guide. Furnishing of this guide does not give you a license to any such copyright, trademark, patent or other intellectual property right. The Razer Nabu Watch (the "Product") may differ from pictures whether on packaging or otherwise. Razer assumes no responsibility for such differences or for any errors that may appear. Information contained herein is subject to change without notice.

#### LIMITED PRODUCT WARRANTY

For the latest and current terms of the Limited Product Warranty, please visit www.razerzone.com/warranty.

#### LIMITATION OF LIABILITY

Razer shall in no event be liable for any lost profits, loss of information or data, special, incidental, indirect, punitive or consequential or incidental damages, arising in any way out of distribution of, sale of, resale of, use of, or inability to use the Product. In no event shall Razer's liability exceed the retail purchase price of the Product.

#### **COSTS OF PROCUREMENT**

For the avoidance of doubt, in no event will Razer be liable for any costs of procurement unless it has been advised of the possibility of such damages, and in no case shall Razer be liable for any costs of procurement liability exceeding the retail purchase price of the Product.

#### **GENERAL**

These terms shall be governed by and construed under the laws of the jurisdiction in which the Product was purchased. If any term herein is held to be invalid or unenforceable, then such term (in so far as it is invalid or unenforceable) shall be given no effect and deemed to be excluded without invalidating any of the remaining terms. Razer reserves the right to amend any term at any time without notice.

#### **Federal Communication Commission Interference Statement**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

#### **FCC Caution:**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference, and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
- --- 經型式認證合格之低功率射頻電機,非經許可,公司、商號或使用者均不得擅自變更頻率,加大功率或變更原設計之特性及功能。
- --- 低功率射頻電機之使用不得影響飛航安全及干擾合法通信:經發現有干擾現象時,應立即停用,並改善至無干擾時方得繼續使用。

前項合法通信,指依電信法規定作業之無線電通信低功率射頻電機需忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

### FCC Part 15.21 Statement

Changes or modifications made to this equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

# **FCC RF Radiation Exposure Statement**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
