- ② Connect your mobile phone and the HEX speaker via 3.5mm audio cable

4. Application

Applicable to all Bluetooth devices.

5. Troubleshooting

- ① Hands-free call is only available when Bluetooth is connected. The phone call can be interfered with by high frequency electromagnetism, users should avoid if possible.
- ② Bluetooth is a bidirectional transmitting protocol; transmitting distance is highly related to audio player. Compatible Bluetooth players are recommended.
- ③ Some terminal players are without automatically switching play function. In this case, POP noise will exist in the interval of every 2 songs.

- ④ When Bluetooth transmitting devices cannot be connected, a possible solution is to delete the Bluetooth device name from the list, turn off Bluetooth on the device, turn back on, re-discover the device, and pair again.
- ⑤ The sound performance could also be affected when BT transmitting devices is under poor signal environment, or under low battery capacity.

6. Accessories:

USB charging cable, Audio cable, 2 pieces;
User manual, 1 piece.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION
RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE.
DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference,
(2) this device must accept any interference received, including interference that may cause undesired operation.

WARNING: This product contains chemicals known to the State of California to cause cancer, birth defects and other reproductive harm
