

PowerBase
Wireless Desk Charger

User Manual

Product Introduction

The PowerBase Wireless Desk Charger combines the most convenient way to charge your phone whilst incorporating great style and a sleek design. With wireless charging technology and a non-slip grip surface you can be assured you are charging your device quickly and safely.
Free your phone and utilize the latest in wireless technology.

Product Outline

Compatible Devices

Works in conjunction with iPhone 8 / iPhone 8 Plus/ iPhone X, Samsung Galaxy, S8 and Note 8 and many other wireless charging compatible devices.
* Compatible with all lightweight cases (measuring under 3mm in thickness).
* Cases made from metal may disrupt the wireless charging.

Note: All devices must be Qi standard.

Instructions

1. Using the USB cable provided, insert the Micro-USB end into the Wireless Charger, and the USB-A end into your USB Power Adapter (not included)

PLEASE NOTE:
*10W fast wireless charging requires a 5V/9V QC2.0/3.0 Wall Charger. Using a standard wall charger will only charge to 5W.

2. Insert charging cable into Micro USB port on the wireless charger. The LED indicator light will illuminate red when power is connected.

3. Place your device on the wireless charger making sure that it is positioned in the center of the wireless charging disc. When the device is being charged the LED indicator will light up blue automatically.

Standard Accessories

Wireless Charger
Micro-USB to USB-A cable

Product Specification

Input: 9V/1.67A 5V/2A
Output: 5W/7.5W/10W
Max output: 10W
Charging Distance: ≤8mm
Charging Efficiency: ≥76%
Size: 100mm x 100mm x 5mm
Frequency Band: 109.46kHz-148.24kHz
Transmitter Power: 12.79dB μ A/m @ 10m distance
Hardware version: RWC35 20180917
Software version: 1.0.0

Manufacturer: Shenzhen Reflying Electronic Co., Limited
Add: 6 Bldg, GaoXinJian Industrial zone, HePing village, Fuyong Town, Bao'an district, Shenzhen, Guangdong, China

Importer: MGF
Add: ZI PARIEST, 6 rue Leon Jouhaux, 77183 Croissy-Beaubourg, France

This equipment has been tested and found to comply with the limits for a WPC device, pursuant to Part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

NOTE: This equipment has been tested and found to comply with the limits for a wireless power charger, pursuant to Part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

FCC ID: A7M-CY2376PPWIR-N
