

RE654 Pinger™ ... Proximity Pendant

Persistent "I'm Here" signaling to the main console

The RE654 communicates with the Resolution Communicator over a wireless Bluetooth Smart connection. The frequent communication allows the Communicator to determine whether the user is on site or not. This information is then sent to the Healthsense Server for notification procedures to be handled.

Simple, no-button operation.

- Transmits to the Communicator using a reliable Bluetooth Smart signal.
- 2.5 year battery life
- Communicates "I'm Here" signals to the main Communicator to alert when the wearer is out of expected proximity
- Compatible with the Resolution Communicator and Healthsense server.
- Lanyard and keychain options
- Water-resistant design

The smallest proximity sensing device on the market, providing over 2 years of continual operation!

Specification/Feature Table Reference

Physical	
Dimensions	2.1" x 0.9" x 0.3"
Weight (with Battery)	0.31 Ounces
Wearable Alternatives	Lanyard or Key Chain Options Provided
Battery	
Battery Type	CR1632 - Sealed Battery
Battery Life	2.0 Years of Continual Operation
Enrollment and Operation	
Enrollment Method	Reed Switch
Check-In Interval	10 Seconds
Maximum Range	100 Meters
Water Resistant	
Operating Temperature	0F to 120F
Regulatory	
FCC: U5X-RE654	This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interferences received, including interference that may cause undesired operation.
IC: 8310A-RE654	

Warranty

Resolution Products, Inc. will replace products that are defective in their first two and one-half years (2.5) of projected battery operation.
