The new degree of comfort.™

Professional *Classic*™ Direct Vent gas water heaters from Rheem are certified for Manufactured Housing (HUD) and modular construction

Efficiency

• .62 - .63 EF

Performance

- FHR: 64 gallons for 40-gallon model and 49 gallons for 30-gallon model
- Recovery: 30.3 GPH at a 90° F rise

Flexibility

- Field convertible controls for natural gas or LP operation included
- No external door is required
- Provides maximum design freedom since it can be placed anywhere within the home
- Hot water outlet located at top
- Cold water inlet at side for fast, economical hook-up

Adjustable Roof Jack Vent

Design allows adjustment to roof pitches of up to

5/12". Four roof jacks available to accommodate roof thickness of 12" up to 95".

Direct Combustion

Air is drawn directly into combustion chamber through air inlet fixed to base; 1/2" screen for rodent protection.

Roof Jacks									
12" Non-Adjustable & Air Inlet	AP12032E								
15-32" Adjustable & Air Inlet	AP12032B								
30-60" Adjustable & Air Inlet	AP12032C								
48-95" Adjustable & Air Inlet	AP12032D								
Air Inlets									
6" Non-Adjustable	AP12019B								
11-22" Adustable	AP12017B								
Extension Pipe Kit									
Roof Jack Extension Pipe Kit AP12021									
with 30 and 40-gallon direct vent must be in accordance with instru with the heater. No other roof jack	ack and air inlet must be ordered separately 30 and 40-gallon direct vent models and be in accordance with instructions furnished he heater. No other roof jack or air inlet nblies are approved for installation with this								

heater. Clamps and secure strapping are packed

Longer Life

in water heater carton.

 Premium grade anode rod provides long-lasting tank protection

Plue

- Piezo ignition easy light pilot
- Enhanced flow brass drain valve
- Factory installed temperature and pressure relief valve side location
- Low lead compliant
- EverKleen[™] patented system fights sediment build-up

Warranty

 6-Year limited tank and parts warranty*

*See Residential Warranty Certificate for complete information

Units meet or exceed ANSI requirements and have been tested according to D.O.E. procedures. Units meet or exceed the energy efficiency requirements of NAECA, ASHRAE standard 90, ICC Code and all state energy efficiency performance criteria.

Professional *Classic*Direct Vent for Manufactured Housing

30 and 40-Gallon Capacities Up to 30,000 Btu/h Natural and LP Gas

See dimensions chart on back.
