

User Manual		FCC statement This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. • Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. • NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: • Reorient or relocate the receiving antenna. • Increase the separation between the equipment and receiver. • Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help. RF radiation exposure statement: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.	WARNING: • Charge and operate only as indicated in this manual, as improper use may result in damage to the product or injury. • To avoid risk of shock or injury, do not dismantle the device or insert any objects into the speaker. • To avoid electronic interference and/or compatible conflicts, turn off the product in any facilities where posted notices instruct you to do so. • Do not pull the speaker charging lead. Damage may result to the leads. • Keep out of reach of children. This is not a toy. • Avoid exposure to moisture, liquids, heat, flame and high voltage equipment. • Retain these instructions as they contain important information. • Do not short circuit the input terminals of the Bluetooth speaker. • Do not drop, place heavy weight or allow heavy impact to the speaker. • Do not heat or apply heat or dispose of the in fire.
