Quickstart Guide

BOX CONTENTS

iCade G01, Charging USB cable, Quickstart Guide

NOTE: This Quickstart Guide describes using iCade G01 with iPhone. iPod touch users may notice some differences.

DOWNLOAD

1. Open the App Store on your iPhone. (not included)
2. Download any iCade Mobile compatible app.
3. Tap 'Install' or 'Install App'.
4. Follow Initial Setup instructions below before launching app.

INITIAL SETUP

1. Place your iPhone into the cradle so it fits securely.
2. Turn iPhone on and go to Settings > General > Bluetooth.
3. Slide the Bluetooth slider to "On."
4. Simultaneously hold down the Bluetooth pair button (on the left side of the lower part of the unit) for 5 seconds or until iCade G01's Bluetooth light starts blinking, then release Bluetooth pair button.
5. iCade G01 will appear in iPhone as a Bluetooth device (not paired). Tap to select it.
6. iPhone will display a passcode. Refer to the numbered diagram, and use the controls to enter the passcode. When finished, press one of iCade G01's select buttons.
7. iPhone will then show iCade G01 as "Connected."

GAME ON!

1. Launch the previously installed iCade G01-compatible app.
2. Start gaming, with the awesome iCade G01!

Notes:

- After a period of inactivity, iCade G01 will enter "power saver" mode. To wake it up, simply move any of its controls. Both iCade G01 and iPhone will turn on again.
- After iCade G01 is connected to iPhone as a Bluetooth device, you can remove iPhone, move it to another location, turn it off, etc. Next time you want to use iCade G01 with the same iPhone, simply activate Bluetooth on your iOS device, turn iCade G01 on, and press any button on iCade G01. iCade G01 will reconnect instantly with your iOS device as long as it is within range.
- To use iCade G01 with a different iPhone, or to re-establish a manually deactivated Bluetooth connection, repeat the INITIAL SETUP steps.
- Avoid storing the unit in high temperature. For an up-to-date list of additional iCade Mobile-compatible games, Please contact your local dealer

International Keyboard Settings

iCade G01 uses the English U.S./QWERTY Hardware Keyboard Layout. Non-U.S. users can switch to this layout by following these steps:

1. On your iPhone/iPod touch (with Bluetooth disabled), go to Settings General Keyboard International Keyboards.
2. Select English from the list.
If you do not see English in the list:
 - a. Select Add New Keyboard.
 - b. Select English.
 - c. Return to the previous International Keyboards window.
 - d. Select English from the list above.
3. Under Choose a Software Keyboard Layout, select QWERTY.
4. Under Choose a Hardware Keyboard Layout,

select U.S.

5. Press the iPhone's/iPod touch's Home button to close the Settings app.
6. Press the Home button once more to view the iPhone's/iPod touch's virtual keyboard.
7. Tap the "globe" button next to the space bar until the space bar displays "English (US)." (If you have set up multiple International Keyboards, you may need to tap the "globe" button multiple times.)
8. Press the iPhone's/iPod touch's Home button to return to the Home screen. You can now reactivate Bluetooth and use your iPhone/iPod touch with iCade Mobile. To switch back to your previous language repeat the steps above, repeat Steps 6-7, selecting your desired language instead of "English (US)."

Partially supported ICADE games

(Please change the IPHONE input method for the English part of the game, after entering the need to change input devices before they can use, such as NO GRAVITY)

EnbornX

Enborn-X is a side-scrolling shooting game that concentrates on a "giant boss battle". You control armored girl Enborn-X to fight back a giant enemy named Enborn. Everytime you destroy Enborn, it respawns as a bigger and stronger creature. Your goal is to kill it as many times as you can and as fast as possible with your powerful weapons in order to get the high score.

Muffin Knight

Fertilize the forest with the unicorn, cover the sky with black holes, flood the world with candy, but just get the muffins back! Muffin Knight is an action-packed platformer with stunning visuals and a myriad of fairytale characters, each with their own unique abilities which gain strength as you advance.

Emerald Mine

In Emerald Mine you play as a miner trapped deep underground. Your objective is to collect the minimum number of gems to open the exit portals. Explore the caves to find all the gems and try to avoid the hazards which include exploding bugs, tanks, aliens and acid pools. Be careful of falling boulders and debris as they will crush you.

Aemula Oldies S

"Now on iPhone and iPod Touch!" Aemula Oldies S is a game pack of classic DOS games. Playing a game is just one tap away. You don't need to enter any command. It provides joystick, gamepad for playing these old games on iPhone.

Baby Monkey (going backwards on a pig)

You are a monkey, clinging to a pig as it takes you for the ride of your life! Avoid 'Space Unicorns' and 'Nom Nom Hamsters' while hanging onto a bucking squealing pig in this addictive side scroller. Leap pits and cliffs while the pig tries to knock you off by destroying everything in its path. Skillfully time your jumps to reach power-ups and achieve record scores. Enjoy the ever-changing artwork and catchy music in this survival game for all ages.

Dynamite Jack

Dynamite Jack must blast his way to freedom! Jack, a brave space marine, armed with only bombs and a flashlight, must escape the Anathema Mines! Use stealth to sneak past guards and bombs to obliterate enemies in this intense top-down action-adventure. 28 Thrilling Levels! Each level brings you closer to the surface of the Anathema Mines. Battle your way through guards, scientists, cave trolls, lasers, and robotic spiders! Build More Maps! Have you destroyed and crushed the game? It's time to make MORE GAME! The super simple level editor will empower you to create levels in just minutes!

Bob's Action Racing

Created by Bob Fungus for the Fungus 500 in the late 70s and early 80s, Bob's Action Racing has been reborn so that gamers all around the world can experience the arcade racer on the iPad, iPhone or iPod Touch. Experience classic racing action in a title that utilizes the same 17 color palette introduced by the Fungus 500 back in 1979.

Platform Hell Pro

Use your skill and ability to collect diamonds and dodge monsters. Collect all the diamonds to unlock the exit door which will take you to the next level. Complete the level without losing energy to gain a medal. Beat the target time to win a gold medal. Complete all levels to finish the game

Platform Hell Pro

Use your skill and ability to collect diamonds and dodge monsters. Collect all the diamonds to unlock the exit door which will take you to the next level. Complete the level without losing energy to gain a medal. Beat the target time to win a gold medal. Complete all levels to finish the game

Plum Crazy

Roll the grapefruit around the maze by swiping or tapping on the screen in the direction you want to go. Squish as many plums as you can, pickup the bonuses and avoid the nasty things, all while keeping up with the rollers! Squish enough plums and you'll advance to the next level, complete all the levels in a world and you'll unlock a bonus mini-game!

Activision Anthology

Download Activision® Anthology to receive the classic hit KABOOM!™ for FREE, and collect up to 45 classic Activision® and Imagic games! Pitfall™, Kaboom!™, River Raid™ — everyone remembers these great Activision games on the 2600 console. Now, for the first time ever on your iPad, iPhone and iPod Touch, relive these classics and experience the phenomenon that started the video-game revolution. This one-of-a-kind compilation offers the entire Activision 2600 catalog in one app, with controls designed and optimized for each game. Each game is presented alongside the original box art and manuals for retro lovers, and features Game Center support and the ability to earn digital versions of the famous game patches!

Gun Runner

Experience the adrenaline shot of your life. Run, jump, and shoot. Did we mention shooting? We didn't call the game "Gun Runner" for nothing. Unload the most wicked, alien-stomping weapons ever to grace this planet. And when your not running, jumping and shooting, you'll be rocking out HARD to the all-original soundtrack by 8-bit master Syphus. Prepare for ear hole melange thanks to the heavy-calibur, guitar-driven, Reagan-era chiptunes that'll make you slap your grandmother. Twice. Best of all, the price of admission to this non-stop action-o-rama ride? Free.

Katana Jack

Welcome to Katana Jack! The first game finger-painted on the iPad where you will see how the game's artwork was created while you play. Based on the classic platformer "Bomb Jack", you must jump, fly, and survive through 90 levels & 15 finger-painted stages to destroy all the lanterns that don't allow Jack to sleep. If you break the lighted lanterns following the established order you will be rewarded with more stars. And each new stage of the game requires a minimum number of stars to enter.

NAMCO ARCADE

Those gems of gaming that were so much fun back in the day are back, and are now available in the App Store! Namco's arcade games, which turned the arcades of the eighties into centers of fun and thrills, have been completely restored for you to enjoy on the iPhone, iPod touch, or iPad! Whether you're an old school pro or a beginner, be sure to take this opportunity to play these classic titles, packed with a unique charm that seems both

MagMaze

MagMaze is a universal application with sweet high resolution graphics designed for retina display and iPad. With 5 fun and easy game play modes and more than 200 handcrafted mazes, an astonishing 3000-PLUS variations are possible! There are more than 200 mazes of various shapes and sizes; mazes like you've never seen. With MagMaze, the easy gameplay lets you simply change the floor color, one square at a time or collect stars while avoiding enemies. Stay alert though because when moving around the mazes, you leave a trail that bad guys will follow.

Akane the Kunoichi

Straight from your console, the critically acclaimed arcade game is now in your hands! You are Akane, a Kunoichi ninja secretly loving her master Goro, a noble samurai. One day Goro is kidnapped by the evil Hiromi and her minions ñ you have to rescue him, but it won't be an easy task! Many enemies will try to stop you, and you'll have to be brave to fight against the evil ninjas and huge monsters loyal to Hiromi.

Donkey Jump

This might be the hardest platform game you have ever played! Description below. The objective of the game is to fight off enemies (killer bees, killer aggressive rats and one huge secret monster at the end of the level) with super sonic ammunition and save the farm with "Jenny" the Donkey in a barn or save "Don Juan". Jump your way through different levels and environments to unlock characters, fight bosses, and save the donkey of your dreams.

Mega Worm

Mother Earth is on the brink of extinction and has released her last defense, the Great Death Worm, Wojira. Wojira is on a revenge mission to destroy all the Human parasites. Crawl and eat your way through waves of humans and their robots of destruction. Grow and evolve into the ultimate weapon of destruction. You are the last line of defense, can you save the world?

No Gravity

Are you brave enough to play No Gravity? You'll need steady nerves and a strong heart to fly around dangerous obstacles, face hostile environments and use deadly weapons to accomplish your missions and protect your people. Hurry, download this iPhone version of the PSP favorite, before it's too late.

Federal Communications Commission (FCC) Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning:

Changes or modifications made to this device not expressly approved by Shenzhen Riitek Technology Co.,Ltd may void the FCC authorization to operate this device.

Note:

The manufacturer is not responsible for any radio or tv interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.
