**Introduction**  
**Product overview**

### **Touchpad**

This touchpad support the function of the mouse scroll wheel. When you press the Fn button and your fingers touch anywhere in the sliding region, it simulate mouse scroll wheel function. You can adjust touchpad sensitivity to achieving more comfortable using pressing Fn+Spacebar keys simultaneously. Touchpad have 3 DPI levels.

### **Connecting the receiver**

Slide the receiver out from the side of keyboard, and insert to the devices with a standard USB interface. Once connected, slide the power switch to the "ON" position located on the left side of the unit to establish the connection.

### **Auto sleep and wake feature**

The keyboard also features an auto sleep and auto wake mode. If there is a long period of inactivity, the keyboard will automatically go into a sleep mode. During the sleep mode, the user can wake the unit up by pressing any key. The 2.4 GHz receiver and keyboard's RF indicator will continue to flash and will not power down.

### **Switching off the keyboard after use**

After finishing using the keyboard, push the switch to the off position. This turns off the keyboard power. The USB receiver should be plugged out from the PC and then inserted back in the keyboard so it is being kept safely.

### **Charging the battery**

The device have replaceable lithium-ion battery, please use only approved data lines and chargers.

**Note:** Fully charge the unit before operating for the first time. This device can be used when charging, but will extend the charging time;

When the battery is low, the low-voltage light will flash to warn the user. The unit will automatically turn off if the battery has been depleted.

### **Appendix**

#### **Technical parameters**

##### **Specification**

- Measurements (LxWxH): 146.8x97.5x19 mm
- Weight (grams): 110g
- Frequency range: 2.403 ~ 2.480GHZ
- Operational Range: up to 10 meters
- Transmit power: +5db Max.
- Operation voltage: 3.3V
- Charge Voltage: 4.4V ~ 5.25V
- Operation current: < 50mA
- Charging current: < 300mA
- Sleep current: < 1mA

##### **System requirements**

- Computer operated with Windows 2000/XP/Vista/7/8, Linux
- Android OS 1.6 or above.
- Mac OS
- Windows CE
- Smart TV/Google TV with USB HID devices

support

**Maintenance:**

- Do not attempt to disassemble the device or replace rechargeable battery. Doing so will void the warranty.
- The battery will discharge if stored for a long period of time without usage.
- Use the specified charger. Disconnect the device after the battery has been fully charged. Overcharging the battery will shorten the life span of the battery.
- Do not expose the device in extreme heat or cold. Extreme temperatures will cause the life span of the battery to shorten.
- Use only a damp cloth with mild soap to clean the device. Solvents and other cleaning agents may cause damage to the device.

**Warning:**

- While finished charging, pull out the charge cable.
- Never try to open or repair this product yourself.
- Keep this device away from fluids, such as water.
