

## Bluetooth® Operation, General Information

*NOTE: Bluetooth® may not be available in all locations.*

LX245298—UN—27JUL15

Bluetooth® Certification Label for Russia

This radio system is equipped with an integrated Bluetooth® module. Using radio communication, Bluetooth® allows for a secure data transfer between the radio system and a paired close-range Bluetooth® device such as a cell phone.

The radio supports the following functions:

- Turn Bluetooth® function on and off manually.
- Permanent link (pairing) between radio system and cell phone.
- Automatic pairing with previously linked cell phone at radio system power-on.
- Download of 252 contacts with 4 phone numbers each from the phone book of the paired cell phone.
- Research of transferred contacts.
- Receive and place calls.
- Play back audio files.

This device complies with Part 15 of the FCC Rules and with RSS-GEN of Industry Canada.

### Rules for United States

FCC ID: YBN-JDBASE41

Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications made to this equipment not expressly approved by Robert Bosch Car Multimedia GmbH may void the FCC authorization to operate this equipment.

*NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:*

- *Reorient or relocate the receiving antenna.*
- *Increase the separation between the equipment and receiver.*
- *Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.*
- *Consult the dealer or an experienced radio/TV technician for help.*

### Rules for Canada

IC: 9595A-JDBASE41

This device contains licence-exempt transmitter(s)/ receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS (s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
