WRAU-2120

Exhibit H – User’s Manual

Rockwell Collins does not supply operating instructions with the WRAU-2120, which is designed to meet the requirements of ARINC 600, 601, and 708A, and RTCA documents DO-220, DO-160E, and DO-178B and is operated by trained pilots. Rockwell Collins does produce a comprehensive installation manual which, pursuant to an agreement with the FCC staff, is available upon request but is not included in this electronic exhibit.
