**FCC Caution.**

§ 15.19 Labelling requirements.

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

§ 15.21 Information to user.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

§ 15.105 Information to the user.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF warning for Portable device:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

**URBAN BEATZ**

User's manual for UB-BTH03

**REWIND**  
BLUETOOTH® HEADPHONES

((WIRELESS))  
with Bluetooth Technology

**Features:**

- Automatically reconnects with the last connected Bluetooth device
- Rechargeable battery provides up to 6 hours of continuous playback
- Built-in controls let you control your music, volume, answer calls, and more

**IMPORTANT**

PLEASE READ  
BEFORE USING  
THIS PRODUCT

**Package Includes:**

- 1 Rewind Bluetooth Headphones
- 1 Micro USB Cable
- 1 AUX Cable & 1 User Manual

OUTSIDE

**COVER**

**Charge It**

- Plug the micro USB cable into the micro USB port on the bottom of the headphone, and connect the other end of the cable to either a computer USB port or to a USB compatible car or wall charger.
- A solid red LED light will appear on the bottom of the headphone to indicate when the headphone is charging, even while headphone is turned off.
- When charging is complete, the LED light will turn off.
- Charging time is approximately 1.5 hours.

**Power On/Off**

- Press and hold the power button on the left side of the headphone for 2-3 sec. to turn on the headphones and automatically reconnect with the last Bluetooth device.
- The headphone will say "Welcome", and the LED light on the bottom will turn blue to indicate that the headphone is now powering on.
- To turn the headphone off, press and hold the power button for 2-3 sec. again. The headphone will emit a tone to indicate that the headphone is now powering off.

**Pair & Connect with a New Device**

- Power on the headphone (see "Power On/Off").
- After 6 seconds, the headphones will say "Waiting to Connect" and the LED light will begin to quickly flash blue and red.
- Your headphones are now ready to be paired.
- On your Bluetooth-enabled smartphone, tablet or media player, navigate to the Bluetooth settings menu, turn on the Bluetooth feature, and search for new devices.
- After a few seconds you will see "URBAN BEATZ BTH03" listed.
- Tap this model to select it. The LED will glow a solid blue, and the headphone will say "Connected" when it has been successfully paired with your device.
- Alternatively you can connect any non-Bluetooth device using the included 3.5mm AUX cable together with the AUX input located beneath the left earpad on the headphone. While plugged in via the AUX input, the LED light and the Bluetooth function on the headphone will automatically turn off.

**Reconnect to Bluetooth**

- You only need to pair your Bluetooth device with the Rewind headphones once.
- With your previously paired device's Bluetooth turned on and in range, press & hold the power button for 2-3 seconds to power ON the headphones.
- The headphone will automatically reconnect to the last Bluetooth device they were connected to.
- If you have a previously paired device that does not auto-reconnect, navigate to the Bluetooth settings menu on your device, turn on the Bluetooth feature, and select "URBAN BEATZ BTH03" from your list of paired Bluetooth devices.

**Play**

- Connect your device to the Rewind headphones via Bluetooth (see "Pair & Connect with a New Device").
  - Open your favorite music app and press play.
  - Control the music, track & volume from your device, or control them from the on-ear controls on the headphones.
  - Press the power button once to play/pause music & answer calls. Press the Up/Down buttons to raise/lower the volume on the headphones. Press, and hold to skip to the next/previous track.
- Note: Volume on your device and on the headphone are controlled separately.
- All audio, including music, games, videos, and notifications will be routed through the Rewind headphones.
- Note: On-ear controls will not work when using the aux-in connection.

**Product/Controls Diagram**

**Multi-Function Dial Uses**

**Power Function**

Press & Hold (2-3 Sec.)

- Power on the headphone and automatically enter into Bluetooth mode (will auto reconnect with last device or enter into pairing mode).
- Power off the headphones.
- Reject incoming call.

Press Once

- Play/pause music
- Answer/end phone calls

**Music/Call Functions**

Press Up Once

Increase volume

Press + Hold Up

Skip to next audio track

Press Down Once

Decrease volume

Press + Hold Down

Skip to previous audio track

**Troubleshooting**

No power

Recharge your headphone using the included micro USB cable. Check if there is an AUX cable plugged into the headphone (Bluetooth capabilities will not function if AUX cable is plugged in). Try using a different micro USB cable.

Music is not playing over Bluetooth

Make sure your Bluetooth device has A2DP profile. Check if both devices are paired and connected over Bluetooth. Check if there is an AUX cable plugged into the headphone. Restart the headphone to reconnect your Bluetooth device.

Headphone will not pair with your device

Check if there is an AUX cable plugged into the headphone. Make sure your device has Bluetooth enabled.

Bluetooth device will not reconnect with the headphone

Navigate to your Bluetooth settings menu on your Bluetooth device, tap "URBAN BEATZ BTH03", and select "Forget". Now follow the steps to pair your device again.
