FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

## RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Bluetooth Version: V4.2 Support Profile: HFP 1.6, HSP 1.2, A2DP 1.3, AVCTP 1.4, AVDTP 1.3 and AVRCP 1.5 Working Distance Range: 10m Frequency Range: 2.402GHz-2.480GHz Battery Specifications: 3.7V, 180mAh, Built-in rechargeable lithium-ion battery	<ol> <li>Shutdown:         <ul> <li>Long press * Ø/M * for more than 3 seconds, voice prompts *Power OFF*, LED indicator light turns off.</li> </ul> </li> <li>Bluetooth Mode:         <ul> <li>Pairing Operation:                  <ul> <li>For the first time pairing: boot into *Bluetooth Mode* automatically, voice prompts *Bluetooth Mode*, LED indicator light turns to blue. It will automatically enter pairing mode. LED indicator light rapidly alternating flashes with blue and green colors. Please open the smart device's Bluetooth searching function and select the device *BT019*, no password required, after successful pairing, voice prompts *Dong Dong*, LED indicator light turns to blue again.</li> <li>Re-pairing: turn off the attached smart device's Bluetooth function. If the headset can't search and pair with the last connected smart device within 3 seconds, it will automatic re-enter the pairing mode. LED indicator light rapidly alternating flashes with blue and green. Open another smart device's Bluetooth searching function and select the device "BT019", no password required, after successful pairing, voice prompts *Dong Dong*, LED indicator light turns to blue again.</li> </ul> </li> </ul> </li></ol>	<ul> <li>2) Answer Calls: Short press " Ø/M " when calls' coming.</li> <li>3) Hang off phone calls: Short press " Ø/M " after calling.</li> <li>4) Redial the last outgoing number: Double-click " Ø/M ".</li> <li>5) Music Play: Short press " Ø/M " after connected with the smart device.</li> <li>6) Restart the music: it will stop playing when calls coming and restart automatically after hang off the call.</li> <li>4.
