

Head and Foot Position Adjustments (A, B, C, D)

• Press & Realease button to raise or lower the head and foot sections of your adjustable bed. The premium "Wall-Glide" feature will automatically synchronize with all Head & Foot adjustments. NOTE:* "D" will allow the lowering of the foot section for a "LOUNGE" position.

Incline Watching TV/Reading/Etc. (E)

• Press to raise the head section to an ideal position for watching TV, reading or laptop use.

Bed "Flat" Button (F)

Press down and hold for 2 seconds to return bed to the flat position.

Zero Gravity (G)

• This function allows your legs to be lifted to a position slightly higher than the chest. This allows blood to flow back to the heart, reducing stress and fatigue.

> FOR YOUR SAFETY, READ THE OWNER'S MANUAL CAREFULLY AND COMPLETELY BEFORE OPERATING THIS PRODUCT. ELECTRIC SHOCK MAY OCCUR IF ELECTRICAL COMPONENTS ARE NOT INSTALLED OR OPERATED ACCORDING TO THESE GUIDELINES.

FCC Compliance Statement

This equipment generates and uses radio frequency and may cause interference to radio and television reception if not installed and used properly. This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

You are cautioned that changes or modification not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation

Notice : The changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the

equipment.

RF Exposure Statement

The equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operation in conjunction with any other antenna or transmitter.
