## PRECAUTIONS

Using your phone properly increases the number of years of service it will give you. Read the following cautions and **Phone Safety and Care** (page E35 on) before you use the phone.

1. **DO NOT** use the phone in an extreme environment where high temperature or high humidity exists.
2. **DO NOT** abuse the phone. Avoid striking, shaking or shocking.
3. **DO NOT** expose the phone to rain or spilled beverages.
4. **DO NOT** use unauthorized accessories.
5. **DO NOT** disassemble the phone or its accessories. If service or repair is required, return the unit to an authorized service center. If the unit is disassembled, the risk of electric shock or fire may result.
6. To prevent injury or burns, **DO NOT** allow metal objects to contact or short circuit the battery terminals.
7. **DO NOT** open the battery case. If the battery is accidentally broken, avoid skin contact with the internal chemical contents. If there is skin contact, wash the affected area immediately and seek medical advice.
8. **DO NOT** put the battery closed to, nor dispose it into fire.

9. The phone contains a rechargeable Battery. At the end of its useful life, under various state and local laws, it may be illegal to dispose of this Battery into the municipal waste stream. Check with your local solid waste officials for proper disposal procedures in your area.

10. Due to strong magnet used in the speakers, your Magnetized Card, such as credit cards or prepaid cards or Media such as floppy disk, VCR tapes, etc. may be magnetically damaged if they are put together with the phone. Keep the cards or media away from the phone.
