QUICK START GUIDE

Model: iBT370

In the Box » iBT370 speaker » charging cable

CHARGE UNIT BEFORE USE - ABOUT 2 HOURS

Pairing the First Time

- Bluetooth: Pairing & Playing
 - » Make your device "discoverable" by turning on Bluetooth mode
 - » **Press and hold** the **Power Button** to turn on unit
- **Pairing the First Time**
 - **OR-**
 - » The first time the unit is powered on it will enter auto-pairing mode
 - » Power on speaker
 - » **Press and hold** the **Bluetooth Pairing Button** for 2 seconds

Manual Pairing

- » Select "iHome iBT370" on your device's Bluetooth menu to complete pairing
- » Press the **Play/Pause Button** to play/pause music

Speakerphone

- » The speaker must be on and connected with a paired Bluetooth device to receive calls
- » Press the **End/Answer Call Button** to answer call
- » Press the **End/Answer Call Button** again to end call

GUIDE DE DEMARRAGE RAPIDE

Modèle: iBT370

Contenu de l'emballage » Enceinte iBT370 » Câble de charge

Couplage et lecture Bluetooth

- » Rendez votre appareil «détectable» en activant le mode Bluetooth
- » **Appuyez sur le bouton d'alimentation** pour allumer iBT370

Premier couplage

- **OU-**
- » Lorsque l'unité est allumée pour la première fois, elle passe automatiquement en mode couplage
- » Mise sous tension du haut-parleur
- » Une fois l'appareil allumé, maintenez appuyé pendant 2 secondes le bouton de **Couplage Bluetooth**

Couplage manuel

- » Sélectionnez «iHome iBT370» dans le menu Bluetooth de votre appareil pour terminer le couplage
- » Appuyez sur le bouton **Lecture/Pause** pour lancer/suspendre la lecture de musique

Haut-parleur mains libres

- » L'enceinte doit être allumée et couplée avec un appareil Bluetooth pour pouvoir recevoir des appels
- » Appuyez sur le bouton **Fin d'appel/Répondre** pour répondre à un appel
- » Pour la mise en attente d'un appel, utilisez les boutons de téléphone de votre appareil
- » Appuyez sur le bouton **Fin d'appel/Répondre** pour terminer l'appel

Étanchéité à l'eau

- » Pour assurer l'étanchéité à l'eau, veillez à ce que le joint d'étanchéité situé sur le côté de l'appareil soit enfoncé à fond

Adaptateur secteur USB (non fourni)
Ordinateur connecté à une prise sous tension

Indicateurs de batterie / Bluetooth

Rouge clignotant = batterie faible
Rouge solide = se charge
LED rouge éteinte = complètement chargé
Bleu clignotant = appariement
Bleu solide = appareil

Internal Rechargeable Lithium-ion Battery

This device uses an internal non-replaceable rechargeable lithium-ion battery that should last the lifetime of the device. If you suspect your battery may be dead, try charging it for an extended period of time and try resetting the unit. If this fails, contact Customer Service at 1-800-288-2792.

WARNING/DISPOSAL OF UNIT

Do NOT attempt to change the battery. Doing so will void the warranty and could cause injury and damage to your device. To dispose of the unit, follow the instructions below:

- Never dispose of used batteries/electronics with ordinary solid wastes, since they contain toxic substances.
- Always dispose of used batteries/electronics in accordance with the prevailing community regulations.
- Many electronics retailers now recycle batteries and other electronic components at no charge

GENERAL BATTERY PRECAUTIONS

- Never use or charge a battery if it appears to be leaking, discolored, deformed, or in any way abnormal.
- Never disassemble the unit or attempt to remove battery as that could cause leakage of alkaline solution or other electrolytic substances.
- Avoid charging a rechargeable battery when the temperature is not within 5°C - 35°C (41° - 95°Fahrenheit).
- Never expose a battery to any liquid.
- Never expose a battery to excessive heat such as direct sunlight or fire. Never use a battery pack in an unventilated vehicle where excessive internal temperatures may be encountered.
- Always keep batteries out of the reach of infants and small children.

CAN ICES-3 (B)/NMB-3(B)

Canada Statement

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) **l'appareil ne doit pas produire de brouillage;**
(2) **l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.**

The device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS-102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

Le dispositif rencontre l'exemption des limites courantes d'évaluation dans la section 2.5 de RSS 102 et la conformité à l'exposition de RSS-102 rf, utilisateurs peut obtenir l'information canadienne sur l'exposition et la conformité de rf.

Déclaration de la FCC relative à l'exposition aux radiations

Cet équipement est conforme aux limites d'exposition aux radiations de la FCC fixées pour un environnement non contrôlé.

Cet appareil est conforme à la section 15 des règlements de la FCC, son utilisation est soumise aux deux conditions suivantes : (1) Cet appareil ne doit pas causer d'intéférences nuisibles et (2) cet appareil doit accepter toute interférence reçue, y compris les interférences qui peuvent causer un mauvais fonctionnement.

Avertissement : Toute changement ou modification apporté à cet appareil sans le consentement express de la partie responsable pour la conformité peut annuler le droit de l'utilisateur d'utiliser cet appareil.

REMARQUE : Cet équipement a été testé et jugé conforme aux limites pour un appareil numérique de Classe B, selon la Section 15 de la réglementation FCC.

Ces mesures sont nécessaires pour offrir une protection raisonnable contre les interférences nocives d'une installation résidentielle. Cet équipement génère, utilise et peut émettre des fréquences radio et, s'il n'est pas installé et utilisé selon les instructions, peut causer des interférences nuisibles aux communications radio.

Cependant, il n'y a aucune garantie qu'une interférence ne prendra pas place dans une installation particulière. Si cet équipement ne cause pas d'interférence nocive à la réception de la radio ou du téléviseur, ce qui peut être déterminé en allumant et fermant l'équipement, l'utilisateur est encouragé à tenter de corriger l'interférence en utilisant l'un ou l'autre des moyens suivants :

- Réorientez ou réajustez l'antenne de réception.
- Augmentez la séparation entre l'équipement et le récepteur.
- Branchez l'équipement dans une prise d'un circuit différent que celui dans lequel est branché le récepteur.
- Consultez le marchand ou un technicien expérimenté en radio/téléviseur pour obtenir de l'aide.
