

SAFETY INSTRUCTIONS

EXAKT

READ FIRST

Cycling is a dangerous activity by nature. To reduce the risk of serious injury, you must ensure that your bicycle is suitably maintained and that each component is correctly installed and adjusted. Always wear a helmet when cycling and ensure that you are aware of the Highway Code and that you respect it. Beware of the dangers of the road and traffic. Be aware of current applicable laws in the country in which you are cycling. If you are cycling at night, it is not enough just to see; you must also be seen. Reflectors are not sufficient and are no replacement for front and rear lights. It is strongly advisable to wear a reflective garment which is obligatory in some countries.

- This accessory was designed and optimized for use by cyclists up to 100 kg (220.5 lbs)
- If you weigh more than 85 kg, you must be particularly vigilant and have your pedals checked more frequently (than a person who weighs less than 85 kg) to look for any possible cracks, deformities, or any other signs of wear or excess strain.
- Before setting off, familiarize yourself with how your new pedals work.
- Try to clip your feet into the pedals and clip out when you stop, then try a second time, cycling in a safe space.

It is highly recommended to read attentively and completely this notice prior to installing and using these pedals. Be sure to keep this notice. Should you have any hesitation or doubts about the proper installation and adjustment of your pedals, please contact your local accredited LOOK reseller.

LOOK/SRM reserves the right and possibility to change at any time the product specifications without prior notice.

LIFESPAN – WEAR – INSPECTION

None of our products are validated until they have passed stringent tests that exceed current standards (ISO4210).

The lifespan of each EXAKT pedals depends on numerous factors, such as the body shape and size of the cyclist and the conditions of use. Impacts, falls, inappropriate use or generally rough use can compromise the structural integrity of the components and considerably reduce their lifespan.

Certain components are also subject to wear over time. Have your pedals checked regularly by an approved LOOK retailer in order to ensure the absence of cracks, deformities or signs of wear and tear. If the inspection reveals deformities, cracks, signs of impact or strain, even if they are mild, you must immediately replace the relevant component. Any components that have experienced excessive wear must also be immediately replaced. Inspection frequency depends on numerous factors; consult your approved LOOK retailer.

Component replacements must be carried out by an approved LOOK retailer. The list of replaceable components is available from approved LOOK retailers.

MAINTENANCE

Always use soap or a mild detergent and water to clean your pedals.

Rinse with water and dry with a soft cloth. Any source of heat may irreparably damage your pedals and cleats. Do not use any high pressure cleaning equipment or abrasive products.

INSPECTION AND MAINTENANCE ARE IMPORTANT FOR YOUR SAFETY AND THE LIFESPAN OF YOUR PEDALS. POORLY MAINTAINED PEDALS MAY BREAK OR MALFUNCTION, WHICH CAN LEAD TO AN ACCIDENT IN WHICH YOU MAY BE KILLED, SEVERELY INJURED OR PARALYSED.

WARNING: Before each ride, check that your pedals and cleats are clean and function properly. Regularly check the wear of your cleats and replace with new ones when necessary. Worn cleats may inadvertently disengage and could lead to an accident. Cleats should be replaced as soon as any one of the four white cleat wear indicators becomes apparent, regardless of whether you have red, grey, or black cleats.

Replace your old cleats only with LOOK KEO cleats.

Do not pierce, paint, or re-clear coat your pedals. Do not leave your pedals or cleats near a heat source.

AFTER SALE SERVICE

If, in spite of the care we take during the manufacturing process, a fault appears or a repair is required, contact your authorized LOOK retailer and take with you the defective product together with your purchase invoice and explain the malfunction to them.

GUARANTEE

KEEP YOUR PROOF OF PURCHASE AND REGISTER YOUR PEDALS ONLINE WITHIN 30 DAYS OF YOUR PURCHASE TO BENEFIT FROM ONE ADDITIONAL YEAR OF CONTRACTUAL GUARANTEE. IN ADDITION, WE WILL BE ABLE TO CONTACT YOU TO SUPPLY IMPORTANT INFORMATION IN THE EVENT OF A PRODUCT RECALL OR POSSIBLE UPDATES. REFER TO THE REGISTRATION HANDBOOK.

EXAKT pedals are guaranteed against any defects or manufacturing flaws for two years starting from the date of purchase.

LOOK/SRM guarantees for the product to the first purchaser or user against any defects or manufacturing flaws through its approved distributors in the countries in which the product was purchased.

This guarantee does not apply to “Special Service Course” products and/or products purchased by professional or amateur teams, athletes, clubs, rental services. This still applies if the product is new. The guarantee applies only if the product is assembled according to the instructions provided above. The guarantee does not apply to poorly maintained products or products subject to improper use.

The guarantee will also expire if the product:

- Has been technically and/or structurally modified, if it has been repaired or repainted in a non-LOOK approved center.
- Has been repaired and/or used with non-authorized spare parts.

This limited guarantee does not apply to normal wear (including for cleats), nor to parts that have been restored or subject to inappropriate repairs or modifications, nor damage caused by an accident, abusive or inappropriate use, or a lack of due diligence. Spinning (indoor cycling) is included within the definition of inappropriate use and will void the guarantee.

The only recourse within the context of a limited LOOK/SRM guarantee or any implicit guarantee is limited to repair or exchange, at the sole discretion of LOOK/SRM, of all or part of the product concerned. In any event, LOOK and its agents and distributors cannot be held responsible for direct or consequential damage, for meeting transport or product shipping fees, whether the complaint is based on the contract, guarantee, negligence or product liability, including, without limitation, loss or damage connected with property other than the product guarantees themselves, loss of use of property or any other financial loss.

Whatever the cause, neither LOOK/SRM nor any agent or distributor can be held liable for any financial contribution or compensation for a product. The rights allocated by the guarantee and the benefits cannot be conceded nor transferred.

LOOK/SRM’s obligations within any guarantee are limited, according to the broadest acceptance of the law, to the provisions specified in this LOOK/SRM guarantee.

However, certain countries or states do not authorize any limitation of duration for an implicit guarantee, and/or for exclusion or limitation of direct or consequential damages, which implies that the aforementioned limits and exclusions are not applicable in this case. This limited guarantee grants you specific legal rights, but possibly also other rights, which will vary according to local legislation.

Disclaimer

- The information contained in this handbook is provided as an indication only. The products described are subject to amendment without prior notice from the manufacturer, owing to permanent technical enhancements.
- LOOK/SRM does not grant any guarantee or liability in the event of damage connected with or caused by the use of this handbook or the products it describes.
- LOOK/SRM is not, in any event, liable for damages, losses, expenses or fees, direct or indirect, of general scope, consequential or individual, caused by or connected with this handbook or the products it describes.

WARNING ABOUT COUNTERFEIT PRODUCTS THE USE OF COUNTERFEIT PRODUCTS IS EXTREMELY DANGEROUS AND COULD CAUSE YOU AND ANY THIRD PARTY A DANGEROUS FALL LEADING TO SEVERE OR FATAL INJURIES.

LOOK and SRM products are protected by industrial property.

Therefore, in the case of purchase, use or sale of a counterfeit product, we reserve the right to undertake any measures that we deem appropriate in order to cease the infringement of our rights and to seek compensation for the prejudice caused, as per Articles L613-3 to L613-6, L615-14 and L716-9.

It goes without saying that counterfeit products will not benefit from any LOOK/SRM guarantee, and will void the LOOK/SRM guarantees on any LOOK/SRM compliant product used with counterfeit products. This will also void all accidental, material, moral, civil and physical liability on behalf of the company LOOK CYCLE INTERNATIONAL/SRM.

The sale of products on exotic sites incurs every possibility that it will concern counterfeit products.

To avoid any fraud, and without this advice being exhaustive, we therefore advise you to pay special attention:

- To sites offering LOOK branded products at prices that are very clearly below market value.
- To private sales that do not offer any proof of purchase, maintenance and information regarding the origin of the product.

If you require any help, you can contact us via our website, or the distributor's website for the country in which you are located (there is a list of our retailers and distributors on WWW.LOOKCYCLE.COM). Please provide the serial number and/or photos for verification purposes.

This handbook cannot be used nor reproduced, even in part, in any form and by any means, without prior written authorization from LOOK.

This information complies with the provisions of directive 93/42/CE.

This crossed out wheeled bin marking shows that EXAKT products are electronic devices and are in the scope of Directive 2002/96/EC of the European Parliament and of the Council on waste electrical and electronic equipment (WEEE) and batteries and accumulators used in products are in the scope of Directive 2006/66/EC of the European Parliament and of the Council of 6 September 2006 on batteries and accumulators and waste batteries and accumulators. These products and batteries/accumulators inside EXAKT products should thus be disposed of separately in EU countries. LOOK/SRM encourages you to minimize possible effects of waste on the environment and human health also outside the European Union by following local waste disposal regulations and, where possible, utilize separate collection of electronic devices for products, and battery and accumulator collection for batteries and accumulators.

DECLARATIONS OF CONFORMITY

FCC Rules Part 15

The enclosed hardware device complies with part 15 of the FCC.

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference and (2) it must accept any interference received, including interference that may cause undesired operation.

FCC Compliance Statement:

This equipment has been tested and found to comply with limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in residential installations. This equipment generates, uses, and can radiate Radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to Radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to Radio or television equipment reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna
2. Increase the separation between the equipment and receiver
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced Radio/TV technician for help

To assure continued compliance, any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. (Example- use only shielded interface cables when connecting to a computer or peripheral devices).

Caution! The manufacturer is not responsible for any Radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the users' authority to operate the equipment.

This device complies with Industry Canada's license-exempt RSS standard(s).

Operation is subject to the following two conditions:

(1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

The term "IC:" before the radio certification number only signifies that Industry Canada technical specifications were met.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Warning: Any changes or modifications not expressly approved by LOOK CYCLE INTERNATIONAL / SRM could void the user's authority to operate this equipment.

This product is ANT+ certified and complies with the bicycle power ANT+ Device Profile.

For a complete listing of ANT+ Certified Products and their specific interoperability, please visit www.thisisant.com.

CE statement :

Europe – EU Declaration of Conformity This device complies with the essential requirements of the RED Directive 2014/53/EU. The following test methods have been applied to prove presumption of conformity with the essential requirements of the RED Directive 2014/53/EU:

EN 62368-1:2014 + AC2015

EN 60950-22:2017

EN 301489-01 V2.2.0

EN 301489-17 V3.2.0

EN 300328 V2.1.1

This device complies with RoHS Directive 2011/65/CE

This device is a 2.4 GHz wideband transmission system (transceiver), intended for use in all EU member states.

Hereby, LOOK CYCLE INTERNATIONAL/SRM declares that these products are in compliance with the essential requirements and other relevant provisions of the RED Directive 2014/53/EU.
