常見問題

1 手機無法搜索到藍牙耳機設備

將手機藍牙儲存的所有配對資料清除掉，然後重新打開藍牙並搜索設備。

2 耳機在通話或者聽歌時有卡頓或者斷開現象

①藍牙耳機的電量不足。
②手機與藍牙耳機的距離超過10米以上。
③手機與藍牙耳機之間存在大面積的屏蔽波物件體，例如牆體。
④左右耳配對不同步，建議斷聯後左右耳重新配對連接。

3 藍牙耳機的音質不够理想?

新耳機需要一段煲機過程，建議播放音樂循環漸進，一段時間後耳機各個音頻段的音質都會得到提升。

❶清除配對信息/恢復出廠設置

1.手機上的藍牙名取消配對

2.長按左、右耳機6秒鐘，確保兩耳機都是關機狀態。

3.同時長按左、右耳機大概20秒。

4.將兩隻耳機放回充電盒，等待白燈亮2秒拿出，耳機進行自動配對，直到一耳機閃白燈，另一耳機不亮燈。

5.配對成功，重新連接手機藍牙。

FAQ

1 The phone can not search the Bluetooth earbuds device

Cancel all Bluetooth connection in your mobile phone, and then re-open and search the Bluetooth.

2 The earbuds have problem of interrupt or disconnection during the calls or the music time

③Bluetooth earbuds power shortage.
④The distance between call phone and Bluetooth earbuds more than 10 meters.
⑤There is a large area of signal blocking objects between the phone and the Bluetooth earbuds, for example, the wall.
⑥Left and right ear pairing is not synchronized, it is recommended to restart the earbuds and repair.

3 Bluetooth earbuds' s sound quality is not ideal?

The new earbuds need to be used for a longer time, it is recommended to play the music for some time to age the earbuds, after that, the sound quality will be improved a lot.

❶restore to factory settings/Reset

1. Disconnect and unpair the Bluetooth earbuds from the mobile devices.

2. Press both earbuds for 6 seconds to turn off, and ensure that both earbuds are turned off.

3. Press the both earbuds at the same time for about 20 seconds.

4. Put the both earbuds into the charging case, wait for the white light to turn on for 2 seconds, and take them out. Pairing successfully, when one of earbuds flashes white light and the other earbud does not light up.

5. After successfully pairing, reconnect to the mobile devices.

《JURASSIC DIARY》

FCC Caution.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
