

User's manual

1. Insert 8pcs of battery size AAA
2. Install the transmitter on the wall with four screws
3. Program transmitter with hotel serial number, transmitter own serial number, and next contact transmitter serial number
4. Test the working of transmitter with programmed safe. If the program is correct, the green LED will flash

Note: Please test the transmitter before mount it on the wall. If the transmitter program correctly, then the green LED will flash when it receives the valid signal.
