

**For OEM integration only – device cannot be sold to general public.  
Therefore we will not supply the User’s manual, the installation manual is the official for OEM.**

**FCC ID: E2XWNI20NC0301**

**We will ask OEM to include the following Notices required by FCC on the product and in the User’s manual.**

***“Contains Transmitter Module FCC ID: E2XWNI20NC0301” or “Contains FCC ID: E2XWNI20NC0301”***

## Notice

Please describe the following warning on the final product which contains this module.

**Contains Transmitter Module FCC ID: E2XWNI20NC0301 or Contains FCC ID: E2XWNI20NC0301**

**This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation**

Please describe the following warning to the manual.

### **FCC WARNING**

**Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.**

**This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.**

When installing it in a portable equipment

**This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines in Supplement C to OET65. This equipment has very low levels of RF energy that it deemed to comply without maximum permissive exposure evaluation (MPE). But it is desirable that it should be installed and operated keeping the radiator at least 20cm or more away from person's body (excluding extremities: hands, wrists, feet and ankles).**

When installing it in a mobile equipment

**This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines in Supplement C to OET65. This equipment has very low levels of RF energy that are deemed to comply without testing of specific absorption ratio (SAR).**

Note)

Portable equipment: Equipment for which the spaces between human body and antenna are used within 20cm.

Mobile equipment: Equipment used at position in which the spaces between human body and antenna exceeded 20cm.
