- Please read this guide before using the device to ensure safe and proper use.
- Images may differ in appearance from the actual product. Content is subject to change without prior notice. You can access the full user manual for more information. Visit [www.samsung.com](http://www.samsung.com) to view device information, the latest guide, and more.
- Before using the headset, make sure it is compatible with your device.
- Your consumer rights are governed by the law of the country in which you purchased the product. Please contact your service provider for more information.

## Device layout

<b>a</b>	Left earphone	<b>f</b>	Ear hook
<b>b</b>	Charger port	<b>g</b>	Right earphone
<b>c</b>	Indicator light	<b>h</b>	Eartip
<b>d</b>	Microphone	<b>i</b>	Volume (+) button
<b>e</b>	Volume (-) button	<b>j</b>	Multifunction/Talk button

## Charging the battery

Charge the battery before using the headset for the first time or when the headset has been unused for extended periods.

Open the charger port cover and connect the headset to a charger.

Use only Samsung-approved chargers (XX V/XX A). Unauthorised chargers may cause damage or the wireless charger may malfunction.

- You can charge the headset using the charger (sold separately).
- The charger should remain close to the electric socket and easily accessible while charging.
- The socket-outlet shall be installed near the equipment and shall be easily accessible.

## Turning the headset on and off

Press and hold the Multifunction/Talk button to turn the headset on and off.

When you turn on the headset for the first time, it automatically enters Bluetooth pairing mode.

## Indicator light identification

Colour	Status
Red	Charging
Blue	Fully charged
Blue	Power on

## Connecting devices via Bluetooth

You can receive incoming calls or listen to multimedia files when your headset is connected to Bluetooth-enabled devices.

1. Press and hold the Multifunction/Talk button for about three seconds to enter Bluetooth pairing mode.  
The notification light flashes red and blue.
2. On your other device, activate the Bluetooth feature and tap **XXXX (0000)** from the list of available devices.

## Safety information

Read all safety information before using the device to ensure safe and proper use. To view the full safety information, refer to the Samsung website.

**Use manufacturer-approved batteries, chargers, accessories, and supplies**

**Do not touch the device with wet hands**

**Do not drop or cause an impact to the charger or the device**

**The device can be used in locations with an ambient temperature of 0°C to 35°C. You can store the device at an ambient temperature of -20°C to 50°C. Using or storing the device outside of the recommended temperature ranges may damage the device or reduce the battery's lifespan**

**Do not allow children or animals to chew or suck the device**

**Do not disassemble, modify, or repair your device**

**Do not use a headset while driving or riding. Doing so may distract your attention and cause an accident, or may be illegal depending on your region**

To prevent possible hearing damage when using a headset, do not listen to sound at high volume for long periods.

## Correct disposal

This marking on the product, accessories or literature indicates that the product and its electronic accessories (e.g. charger, headset, USB cable) should not be disposed of with other household waste.

This product is RoHS compliant.

This marking on the battery, manual or packaging indicates that the batteries in this product should not be disposed of with other household waste.

For information on Samsung's environmental commitments and product-specific regulatory obligations, e.g. REACH, WEEE, Batteries, visit [samsung.com/uk/aboutsamsung/samsungelectronics/corporatecitizenship/data\\_corner.html](http://samsung.com/uk/aboutsamsung/samsungelectronics/corporatecitizenship/data_corner.html)

## Removing the battery

- To remove the battery, you **must** visit an authorised service centre with the provided instructions.
  - For your safety, you **must not attempt to remove** the battery. If the battery is not properly removed, it may lead to damage to the battery and device, cause personal injury, and/or result in the device being unsafe.
  - Samsung does not accept liability for any damage or loss (whether in contract or tort, including negligence) which may arise from failure to precisely follow these warnings and instructions, other than death or personal injury caused by Samsung's negligence.
1. Open the body by using a flat-edged tool.
  2. Pull the battery away from the circuit board and cut the connections between them.
  3. Remove the battery.

## WARNING & SAFETY INFORMATION

### *Safety Symbols*

- When encountering this symbol in the manual, you must follow these recommendations to avoid irreparable damage to your car, system or connected devices or to avoid accidents with injuries or death.

### **IC Information**

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

### *FCC Information*

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

### *FCC notification to users*

This equipment has been tested and found to comply with the limits for a CLASS B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference, the user is encouraged to try to correct the interference by consulting with a dealer or an experienced technician for technical assistance.

**Any changes or modifications to the equipment not expressly approved by the party responsible for compliance could void user's authority to operate the equipment.**
