Safety and usage information

Comply with the following precautions to avoid dangerous or illegal situations and ensure peak performance of your device.

- Avoid using mobile phones while driving and obey all regulations that restrict the use of mobile phones while driving. Use hands-free accessories to increase your safety when possible.
- Do not install your device in any location that will interfere with normal operation of your vehicle.
- Keep your device and all accessories out of the reach of small children or animals. Small parts may cause choking or serious injury if swallowed.
- Use only Samsung-approved accessories. Using incompatible accessories may damage your device or cause injury.
- Avoid exposing your device to very cold or very hot temperatures (below -10° C/14° F or above 40° C/104° F), such as in a hot vehicle or in direct sunlight.

- Do not allow your device to get wet—liquids can cause serious damage. Do not handle your device with wet hands. Water damage to your device can void your manufacturer's warranty.
- Allowing unqualified personnel to service your device may result in damage to your device and will void your warranty.
- Avoid using or storing your device in dusty, dirty areas to prevent damage to moving parts.
- Avoid using your device's light close to the eyes of children or animals.

Safety approvals

FCC

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

Users are not permitted to make changes or modify the device in any way.

Changes or modifications not expressly approved by Samsung will void the user's authority to operate the equipment.

Industry Canada

IC ID: 649E-HKT600

Operation is subject to the following two conditions: (1) This device may not cause interference and (2) This device must

accept any interference, including interference that may cause undesired operation of the device.

The term "IC:" before the certification/registration number only signifies that registration was performed based on a Declaration of Conformity indicating that Industry Canada technical specifications were met. It does not imply that Industry Canada approved the equipment.

Charge the hands-free car kit

Your hands-free car kit has an internal battery. Before using the hands-free car kit for the first time, you must charge the battery.

1. Plug the small end of the travel adapter into the adapter jack.

Position only

2. Plug the large end of the travel adapter into a power outlet.
3. When the battery is fully charged (the indicator light is blue), unplug the travel adapter from the hands-free car kit.

About the low battery indicator

When your battery is low, the indicator light will turn red. Recharge your battery to continue using your hands-free car kit. If the battery level becomes too low, the hands-free car kit will automatically power off. To turn it on, slide the Power switch down again.

Turn the hands-free car kit on and off

To turn on the hands-free car kit, slide the Power switch up. The blue indicator light flashes 4 times.

If you turn on the hands-free car kit for the first time, it will automatically switch to Pairing mode. See "Pair with a Bluetooth-enabled mobile phone."

To turn off the hands-free car kit, slide the Power switch down.

Pair with a Bluetooth-enabled mobile phone

Learn how to connect the hands-free car kit to a Bluetooth-enabled mobile phone. Before using your hands-free car kit, you must pair it with a mobile phone.

1. Hold the Multifunction key down and slide the Power switch up. The indicator light turns blue and the hands-free car kit switches to Pairing mode.
2. Search for and pair with the hands-free car kit using your mobile phone. Refer to the procedure in your mobile phone's user manual. The PIN for the hands-free car kit is 0000.

If pairing is not completed within 3 minutes, the hands-free car kit returns to Standby mode.

When the hands-free car kit has paired with the mobile phone, it will automatically attempt to connect to the mobile phone the next time you turn on the hands-free car kit. If the Bluetooth connection has failed, press the Multifunction key to reconnect.

The hands-free car kit will automatically attempt to restore a connection if it is temporarily disconnected for some reason.

Mount the hands-free car kit in your vehicle

Slide the hands-free car kit onto a sun visor in your vehicle.

Position only

Use call functions

Learn to make or answer calls and use basic call functions. Some functions may not be supported by your mobile phone.

To	Press
call the most recently dialled number	the Multifunction key twice; Pressing the key once will display a list of recent numbers on your phone's display
answer an incoming call	the Multifunction key
end a call	the Multifunction key
make a voice-activated call	and hold the Multifunction key
reject an incoming call	and hold the Multifunction key
answer a second call (during a call)	and hold the Multifunction key; Pressing the key once will answer the second call and end the first call

switch between the current call and the held call (during a call)	and hold the Multifunction key
switch a call from your mobile phone to the hands-free car kit (during a call on the mobile phone)	the Multifunction key

To adjust the volume, turn the volume dial up or down.

Turn the indicator light off

The indicator light may distract you while driving at night. To turn the indicator light off, press and hold the Multifunction key until you hear a beep (longer than 8 seconds).

Even if you turn the indicator off, it will still work when the hands-free car kit powers on, the battery is low, and in Pairing mode.

To turn it on, press and hold the Multifunction key again.

Warranty and parts replacement

Samsung warrants this product as free of defects in material, design and workmanship for the period of one year from the original date of purchase.*

If during the period of warranty this product proves defective under normal use and service you should return the product to the retailer from whom it was originally purchased or qualified service centre. The liability of Samsung and its appointed maintenance company is limited to the cost of repair and/or replacement of the unit under warranty.

- The warranty is limited to the original purchaser
- A copy of your receipt or other proof of purchase is required for a proper warranty service
- The warranty is void if the serial number, date code label or product label is removed, or if the product has been subject to physical abuse, improper installation, modification, or repair by unauthorised third parties
- Specifically exempt from any warranty are limited-life consumable components such as batteries and other accessories

* Depending on your country, the length of warranty may vary.

- Samsung will not assume any responsibility for any loss or damage incurred in shipping. All repair work on Samsung products by unauthorised third parties voids any warranty

Correct disposal of this product

(Waste Electrical & Electronic Equipment)

This marking shown on the product or its literature, indicates that it should not be disposed with other household wastes at the end of its working life.

To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources.

Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take this item for environmentally safe recycling.

Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.

Declaration of Conformity (R&TTE)

We,

Samsung Electronics

declare under our sole responsibility that the product

Position only

HKT600

to which this declaration relates, is in conformity with the following standards and/or other normative documents.

SAFETY	EN 60950- 1 : 2001+A11:2004
EMC	EN 301 489- 01 V1.5.1 (11-2004) EN 301 489- 07 V1.2.1 (08-2002)
RADIO	EN 301 511 V9.0.2 (03- 2003)

We hereby declare that [all essential radio test suites have been carried out and that] the above named product is in conformity to all the essential requirements of Directive 1999/5/EC.

which will be made available upon request.
