Getting started

Using your headset

Appendix

Read this user's guide before you start to use your new Bluetooth headset.

Bluetooth® is a registered trademark of the Bluetooth SIG, Inc. worldwide—Bluetooth QD ID: B0xxxxx

More information about Bluetooth is available at www.bluetooth.com.

⚠ Safety precautions

- Never disassemble or modify your headset for any reason. Doing this may cause the headset to malfunction or become combustible. Bring the headset to an authorised service centre to repair it or replace the battery.
- When using your headset while driving, follow local regulations in the region you are in.
- Avoid storage at high temperatures (above 50 °C/122 °F), such as in a hot vehicle or in direct sunlight, as this can damage performance and reduce battery life.
- Do not expose the headset or any of its supplied parts to rain or other liquids.

> At very high volumes, prolonged listening to the headset can damage your hearing.

Getting started

This section explains what to remember for the proper use of your Bluetooth headset.

Your headset overview

Ear hook
Indicator light
Multi-function button

Adapter jack
Secondary Microphone
Earpiece
Volume up button
Volume down button

Primary Microphone

☑ Make sure you have the following items with your headset : Travel Adapter, User's Guide
The items supplied with your headset may vary depending on your region.

Button functions

`⎯` **Multi-function button**

- Press and hold to turn the headset on or off.
- Press to make or answer a call.
- Press to end a call.
- Press and hold to enter Pairing mode.

`|/|` **Volume up or down button**

- Press to adjust the volume.
- Press and hold at the same time to turn the indicator light on or off.
- Press and hold to turn the microphone on or off.

Charging the headset

This headset has a rechargeable internal battery which is non-removable. Ensure that you fully charge the battery before using the headset for the first time.

1 Put the travel adapter into the jack on the headset and into a power outlet.

2 Disconnect the travel adapter from the power outlet and the headset when the indicator light changes to blue.

☑
- Use only a Samsung-approved travel adapter. Unauthorised adapters may cause an explosion or damage to the headset.
- The battery will gradually wear out while charging or discharging because it is a consumable part.
- The headset is not able to operate while charging. Try connecting after charging is completed.
When the battery charge gets low

A warning sound beeps and the indicator light flashes red. If you are on a call, transfer the call from the headset to the phone before the headset automatically turns off.

Wearing the headset

Place the headset on your ear.
Ensure to put the correct (Left, Right) earpiece on
each ear.

Depending on what ear you are going to wear the headset, simply adjust
the ear hook accordingly.

▲ Left   ▲ Right

Using your headset

This section explains how to turn the headset on, pair with the phone, and use various functions.

> ☑ • Activated functions may differ depending on the types of your phone.
> • Some devices, especially those that are not tested or approved by Bluetooth SIG, may be incompatible with your headset.

Turning the headset on or off

- To turn the headset on, press and hold [▬] until the blue indicator light flashes 4 times.
- To turn the headset off, press and hold [▬] until both blue and red indicator lights flash.

Pairing with your Bluetooth phone

Pairing will create a unique and encrypted wireless link between two Bluetooth enabled devices, such as a Bluetooth phone and a Bluetooth headset. To use the headset with other Bluetooth devices, both devices must be paired. When trying to pair the two devices, keep the headset and the phone reasonably close together.

1 Enter Pairing mode.

- Turn off your headset and press and hold [━] until the blue indicator light turns on and stays lit after flashing.
- If you turn the headset on for the first time, it proceeds into Pairing mode immediately.

2 Search for and connect with your phone according to your phone user's guide. (Bluetooth PIN: 0000, 4 zeros)

☑
- The headset can be connected with two Bluetooth phones at the same time. After connecting with the first Bluetooth phone, turn off the headset. Enter Pairing mode again and connect with the second Bluetooth phone.
- The headset attempts to reconnect to the last connected phone automatically each time it turns on. Otherwise, press [━] to reconnect to the last connected phone.

Using call functions

☑ If the headset is connected with two phones, all actions with [━] are related with the first connected phone.

Making a call

Redialing the last number
Press [━] to redial the last number.

For some phones, pressing the key opens the call log list. Press [━] to dial the selected number.

Dialing a number by voice
Press and hold [━] to dial a number by voice, and say a name.

Answering a call

Press [━] to answer a call when you hear incoming call tones.

Ending a call

Press [━] to end a call.

Rejecting a call

Press and hold [━] to reject a call when a call comes in.

Using options during a call

You can use the following functions to control your call during a call.

Adjusting the volume

Press the Volume up or down button to adjust the volume.

Muting the microphone

Press and hold the Volume up or down button to turn the microphone off so that the person with whom you are speaking cannot hear you. Press and hold the Volume up or down button again to turn the microphone back on.

Transferring a call from the phone to the headset

Press [━] to transfer a call from the phone to the headset.

Placing a call on hold

Press and hold [━] to place the current call on hold.

Answering a second call

Press [━] to end the first call and answer a second call when you hear call waiting tones.

Press and hold [━] to place the first call on hold and answer a second call when you hear waiting tones.

To switch between the current call and the held call, press and hold [━].

Appendix

Frequently asked questions

Will my headset work with laptops, PCs, and PDAs?	Your headset will work with devices that support your headset's Bluetooth version and profiles. For specifications, see page 16.
Will anything cause interference with my conversation when I am using my headset?	Appliances such as cordless phones and wireless networking equipment may cause interference with your conversation, usually adding a crackling noise. To reduce any interference, keep the headset away from other devices that use or produce radio waves.
Will my headset interfere with my car's electronics, radio, or computer?	Your headset produces significantly less power than a typical mobile phone. It also only emits signals that are in compliance with the international Bluetooth standard. Therefore, you should not expect any interference with standard consumer-grade electronics equipment.

Can other Bluetooth phone users hear my conversation?	When you pair your headset to your Bluetooth phone, you are creating a private link between only these two Bluetooth devices. The wireless Bluetooth technology used in your headset is not easily monitored by third parties because Bluetooth wireless signals are significantly lower in radio frequency power than those produced by a typical mobile phone.
The sound is echoing while talking.	Adjust the speaker volume, or move to another area and try again.
How do I take care of my headset?	Wipe it with a soft dry cloth.
The headset does not fully charge.	The headset and the travel adapter may not have been connected properly. Separate the headset from the travel adapter, reconnect, and charge the headset.

Warranty and parts replacement

Samsung warrants this product as free of defects in material, design and workmanship for the period of one year from the original date of purchase.[*]

If during the period of warranty this product proves defective under normal use and service you should return the product to the retailer from whom it was originally purchased or qualified service centre. The liability of Samsung and its appointed maintenance company is limited to the cost of repair and/or replacement of the unit under warranty.

- The warranty is limited to the original purchaser
- A copy of your receipt or other proof of purchase is required for a proper warranty service
- The warranty is void if the serial number, date code label or product label is removed, or if the product has been subject to physical abuse, improper installation, modification, or repair by unauthorised third parties
- Specifically exempt from any warranty are limited-life consumable components such as batteries and other accessories
- Samsung will not assume any responsibility for any loss or damage incurred in shipping. All repair work on Samsung products by unauthorised third parties voids any warranty

*Depending on your region, the length of warranty may vary.

Correct disposal of this product

(Waste Electrical & Electronic Equipment)

This marking shown on the product or its literature, indicates that it should not be disposed with other household wastes at the end of its working life.

To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources.

Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take this item for environmentally safe recycling.

Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.

Correct disposal of batteries in this product

(Applicable in the European Union and other European countries with separate battery return systems)

This marking on the battery, manual or packaging indicates that the batteries in this product should not be disposed of with other household waste at the end of their working life. Where marked, the chemical symbols Hg, Cd or Pb indicate that the battery contains mercury, cadmium or lead above the reference levels in EC Directive 2006/66. If batteries are not properly disposed of, these substances can cause harm to human health or the environment.

To protect natural resources and to promote material reuse, please separate batteries from other types of waste and recycle them through your local, free battery return system.

The rechargeable battery incorporated in this product is not user replaceable. For information on its replacement, please contact your service provider.

Specifications

Item	Specifications and description
Bluetooth version	2.0+EDR
Support profile	Headset Profile, Hands-Free Profile 1.5
Operating range	Up to 30 feet (10 metres)
Standby time	Up to 200 hours*
Talk time	Up to 6 hours*
Charging time	Approximately 2 hours*

* Depending on the phone type and usage, the actual time may vary.

✳ Safety approvals

FCC

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

Users are not permitted to make changes or modify the device in any way.

Changes or modifications not expressly approved by Samsung will void the user's authority to operate the equipment.

FCC RF Radiation Exposure Statement: This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.
